Troubleshooting:

- Verify the LRE Exit Reason is accurate.
- Verify the student's enrollment at the site includes the next in-session day according to the calendar.
- Verify there is no LRE reported at that site the next in-session day according to the calendar. **NOTE:** This applies to the next in-session day only.
- Verify the reported calendar is passing integrity.
- This rule will not apply for entities without calendars.
- If the student is a preschooler who no longer qualifies for Special Education and does not continue at the site for general education due to parental decision, use exit code SPED10.
- Once corrected, allow integrity to run overnight to see if student is passing integrity on SPED72 report.
