Exceptional Student Services (ESS) / Data Management

Secure Care Survey Accommodation Districts that Serve Juvenile Detention Centers
School Year 2014-2015

GENERAL INSTRUCTIONS

The Arizona Department of Education/Exceptional Student Services (ADE/ESS), Special Projects Unit recognizes the challenges unique to secure care facilities providing special education services. The Special Education Secure Care Survey will collect information about the number of special education enrollments and students for educational programs at your secure care facilities. It will also identify which version of Merging Two Worlds is being used in your curriculum. The reporting period is from July 1, through June 30 **of the current reporting year**.

It is important that this survey be completed accurately as the information gained from the Special Education Secure Care Survey will assist ADE/ESS in determining IDEA Secure Care Grant allocations, provide a direction for future training and research with the Merging Two Worlds curricula, and give a broader understanding of the unique special education populations that exist at each secure care educational program.

- The survey is divided into two sections: enrollments for students under age 18; and Merging Two Worlds. The first section will be pre-populated with data that resides in SAIS; no data entry is required. However, if you find that the data is inaccurate, please make the appropriate correction(s) in SAIS. The second section will require selection of one response from a list of choices.

Each question requires a response for this survey to be considered complete and for the user to proceed with the final submission process.

QUESTIONS FOR SECURE CARE SURVEY

Students under age 18

1. Total number of special education enrollments for students who enrolled only once during the current school year. [Example: Student A (1 enrollment) + Student B (1 enrollment) + Student C (1 enrollment) = 3 total enrollments.]

2. Total number of special education enrollments for students who enrolled 2 or more times

during the current school year. [Example: Student D (3 enrollments) + Student E (2 enrollments) + Student F (2 enrollments) = 7 total enrollments.]

2a. How many special education students enrolled 2 or more times during the current school year? [Student D + Student E + Student F = 3 enrollments.]

3. Total enrollments for all students, both general and special education, during the current school year.

Merging Two Worlds

1. Does your school use the Merging Two Worlds curriculum? (Please choose one: Yes; No.)

2. If yes, which version of the Merging Two Worlds curriculum was used? (Please choose one: Mini-Merging Two Worlds; Complete Merging Two Worlds; Pima Merging Two Worlds; or "Other" Version of Merging Two Worlds.)
