Arizona State Board of Education Members

The Board, created by Article 11 of the Arizona Constitution, is composed of eleven members: the Superintendent of Public Instruction, the president of a state university or state college, four lay members, a president or chancellor of a community college district, a person who is an owner or administrator of a charter school, a superintendent of a high school district, a classroom teacher and a county school superintendent. Other than the superintendent of public instruction, each member is appointed to a four-year term by the governor with the consent of the Senate.

State law allows an incumbent to continue to serve until his successor has been confirmed by the senate; nominees are prohibited from serving longer than one year after nomination without senate consent.
