The ADE English Language Arts team cordially invites you to the 2nd Annual ADE Writing Standards Symposium 2026!

We will explore the topic of disciplinary writing – how each subject area incorporates and utilizes writing, and how to support all students with writing instruction in all subjects. This will be an inspiring 3-part event across the 2026-2027 school year to **start, supercharge, and sustain writing instruction** for educators and leaders from across Arizona.
