SCHOOL FINANCE MEMORANDUM 08-060

To: Charter School Operators, Charter School Sponsors, Charter Business Managers,
Charter Principals & Administrators, and All Charter Schools

From: Philip Williams
Deputy Associate Superintendent of School Finance

Date: April 15, 2008

Subject: Charter School Estimated Student Enrollment List Collection for FY 2008-2009

REQUIREMENTS

- Per A.R.S. 15-185.B.2 the student count of a charter school shall be determined initially by using an estimated count.
- The Charter Board requires charter schools to have specific student and parent information on file for any student that is recorded on the estimated list. The required information can be located at: <http://www.asbcs.state.az.us/pdf/EstEnrollmentDataRequirement.pdf>
- The initial estimated student count list must not exceed actual registration of pupils.
- After school begins, but before each of the listed due dates, the name of any student who has not participated in instruction must be removed from the list.
- Students whose names were not on the initial estimated count list may be added at any time the application is available until the last due date.
- Charter school operators are not obligated to list every student.
- All charter school operators, including operators of district sponsored charter schools, must submit a student list to ADE using the Charter Estimated Counts on-line application, for each charter site.
- ADE will NOT pre-populate the Charter Estimated Counts application with student information from the previous school year.

Student level data on the Charter Estimated Count List will be used as the basis for calculating State Aid as follows:

PROCESS AND PROCEDURES

Charter school student lists are submitted to ADE via the Charter Estimated Counts on-line application. This application is accessible through the Common Logon web page at www.ade.az.gov/commonlogon, and provides two options for submitting the data:

1. Manual entry of each student using the form fields provided within the application; or

The screenshot shows a web browser window titled "Estimated Counts - Add Students - Microsoft Internet Explorer". The address bar shows the URL: <https://www3.ade.az.gov/EstCounts/add.asp?ctds=018752001>. The page content includes the Arizona State Seal, the title "Charter Estimated Counts - FY 20XX", and a sub-header "[Charter School Name] Add Students". A navigation bar contains links: "Charter Holders | Charter Schools | Student List | Add Students | Upload Files | Help". A green information icon is followed by the text: "Enter the requested information in the form below and click the Submit button to record the new student. Click the Cancel button to abort and return to the student list." The form fields are: "Last Name:" (text input), "First Name:" (text input), "Middle Initial:" (text input), "Birth Date (MM/DD/YYYY):" (text input), "Previous LEA:" (text input), "Grade Level:" (dropdown menu), "SPED Category:" (dropdown menu with "(None)" selected), "Service Type:" (dropdown menu with "(None)" selected), and "LEP Status:" (dropdown menu with "No" selected). At the bottom of the form are "Submit" and "Cancel" buttons.

2. Upload of a properly formatted data file (comma-delimited text file).

Please refer to page 3 for the Data Submission Requirements.

Note: Student names can only be deleted from the Charter Estimated Count through use of the feature designed for this purpose in the on-line application.

Until Average Daily Membership can be calculated from SAIS, payments generated on the 15th of each month are based on the estimated count list. **Please remember to continually and carefully review the charter student list for duplicates or erroneous entries that will require correction before the application is locked to capture the data for payment.** The estimated student list is due before 5:00 PM on the due dates listed previously in this document. After 5:00pm, the estimated counts application will be administratively locked for up to five ADE business days after the due date. A summary report of the charter's submission will be posted to the charter school's home page on the ADE School Finance website: <http://www.ade.az.gov/Districts/EntitySelection.asp> within the five business days after each due date. It is the responsibility of each charter school to verify that the information posted on the summary report correctly reflects the sum of the student level data that was submitted by one of the two defined data submission processes.

DATA SUBMISSION REQUIREMENTS

The following definitions and descriptions of the student level data apply to both the on-line manual entry into the application and the comma-delimited text file.

1. Data must be submitted at the **site level**, (the **CTDS number ending in 000 represents the holder level not the site level**). One data file must be submitted for each charter school site. So, if the charter holder is represented by two charter school sites, then two separate files must be completed and submitted for each. When saving the file(s), please use the charter school site level number in the name of the file. The site level number is equal to the last three digits of the charter school CTDS number. For example, Golden Desert Charter School has two charter schools. The charter school site CTDS numbers end in 001 and 002, respectively. Therefore, school site 001 will submit a data file as GoldenDesert001.txt and school site 002 will submit a separate data file as GoldenDesert002.txt.
2. Data must be submitted electronically using the Charter Estimated Counts on-line application. ADE will not accept any student level data not submitted via the on-line application.

Specifications For Using Comma-Delimited Text Files			
For those using the text file upload option, the first row must contain data header fields, and all subsequent rows must contain student data. All values must be surrounded by double quotes and separated by commas. Each row of the text file must end with carriage return and line feed characters. Check the example below for an illustration of these requirements.			
Data Header Definition

* Charter schools receiving Indian School Equalization Program (ISEP) funds must report data used in the calculation of state aid separately for the ISEP students and Non-ISEP students. This allows the Arizona Department of Education to accurately apply A.R.S. §15-185 (D) only to the state aid generated by the ISEP funded students. Those students that are Non-ISEP will generate monthly state aid for the charter because these students are not funded by the federal Indian School Equalization Program.

For reporting purposes, all students not receiving ISEP funds must be identified as Non-ISEP in the **Previous LEA Field** of the Charter Estimated Counts application. Once reporting commences with SAIS, all Non-ISEP students will be accurately identified in SAIS by the charter’s use of Register ID 7777 for these students.

SPECIAL EDUCATION ELIGIBILITY REQUIREMENTS

Special Education students can be claimed on the estimated student list if all eligibility requirements are in place when registering for the upcoming school year. The charter is strongly encouraged to be conservative in the submission of the estimates. It is important to note that once actual SPED counts are calculated from data submitted to SAIS, an overestimated SPED count may result in a non-payment status for one or more months for the charter.

The IEP team determines the category under which a student is eligible to receive services once a student has been evaluated. It is possible for a student to be eligible to receive special education services in more than one category. If this is the case, **only submit the highest weighted (primary) category for the student. No student should be submitted more than once to the estimated counts application.** Please refer to the Budget Worksheets for the special education weights. **If there is any uncertainty regarding the student’s category and/or service type, the charter is encouraged to wait to submit the actual special education student information into SAIS.** All funding for any eligible special education student not claimed during the estimated counts period will be retroactive to the beginning of the fiscal year once payment commences from the actual SPED data resident in SAIS. Funding from the charter’s actual SPED data resident in SAIS typically begins December 15th.
