

SCHOOL FINANCE MEMORANDUM 15-065

State of Arizona Department of Education

TO: Superintendents, District Business Managers, Charter Business Managers, Charter Holders, and Administrators

FROM: Lyle Friesen, Director of School Finance

DATE: June 15, 2015

SUBJECT: School Finance Updates

SAIS Updates

1) **Vehicle Inventory Window is Now Open for FY2015 Submissions**

It's that time of year again when districts are required to submit final transportation data. This includes submitting the Vehicle Inventory data and generating the TRAN40-2 report as well as re-creating the TRAN55-1 report after both Vehicle Inventory and Transportation Routes data have been finalized. Generating the reports is the responsibility of the district and if they are not re-run to reflect the most recent data, it will cause unexpected results on the APOR55-1 and unexpected funding changes. Be sure to include all applicable vehicle miles through June 30. If they are not included, a negative impact to Transportation Support Level may be seen.

Vehicle Inventory data, like the Transportation Routes data, is entered via Common Logon.

Note: Transportation Routes is open as well. Both sets of data can be updated now through the deadline below.

DEADLINE: The deadline for reporting of final data and generation of new reports is **July 14, 2015**

2) **FY 2016 System of Record**

SAIS will be the system of record for FY 2016, so all state funding will be based on the data in SAIS and reports available through Student Detail Data Interchange (SDDI) and Student Detail Reports (SDR), both accessible from Common Logon.

3) **Dropout Recovery and Grand Canyon Diploma Data Reporting**

Dropout Recover (DRP) and Grand Canyon Diploma (GCD) data will follow the same method of submission in FY 2016 as they did for FY 2015. The data required for these two programs has been added to AzEDS and can be submitted through AzEDS in FY 2016 to test the submissions, but as the programs do not exist in SAIS, this specific data submitted through AzEDS will not be pushed to SAIS. DRP submissions and state funding will function as they have for FY 2015.

4) **SAIS Limiting Issues**

The ADE has discovered new issues with SAIS that may be causing school districts and charter schools to receive incorrect funding. In certain circumstances, SAIS has not been properly limiting ADM within single Local Education Agencies (LEA) to 1.000, but rather has allowed it to be calculated at greater than 1.000 ADM. For complete details of these circumstances and steps to determine if your LEA is impacted, please see the School Finance Memo which can be found [at http://www.azed.gov/Administrators/SF/NumberedMemos/FY2015/15-044%20SAIS%20Limiting.pdf](http://www.azed.gov/Administrators/SF/NumberedMemos/FY2015/15-044%20SAIS%20Limiting.pdf).

ADE is in the process of completing a preliminary analysis to determine the impact and magnitude of the SAIS Limiting inconsistencies. All impacted LEAs will be notified of the analysis findings.

Please submit questions on this subject to SchoolFinance@azed.gov. A FAQ will be made available online and updated, as questions are answered.

5) **FY 2015 Statewide Recalculation Schedule**

At the end of the fiscal year, ADE recalculates ADM for all students in SAIS. This process is very similar to the monthly processing in that integrity and aggregation are run. The main difference is that during the statewide recalculation, integrity is run for every student, whereas during monthly processing integrity is run only for students who are newly entered into SAIS or whose data has been modified since the last integrity processing.

<u>Data Submission Deadline</u>	<u>Recalculation Start Date</u>
Brick and mortar schools: June 30, 2015 @ 5 pm	July 16, 2015
AOI (online) schools only: July 15, 2015 @ 5 pm	

6) **Important Reminder: Reconcile ADE Data to your SIS Data**

Remember to reconcile the data that is in your student information system (SIS) with the data in SAIS. Funding is determined by the data that is in SAIS, not your SIS. If there is a discrepancy in the data, whatever is in SAIS will be used for your funding. Data should be reconciled monthly, at a minimum.

A couple of reports to review on a regular basis:

- Student Integrity Status Report
- SAIS raw data reports: ADMS72, SPED71s, ELL71
- Funding reports: ADMS, SPED and ELL 75 reports, and the ADMS76 report

These reports can all be found within [Common Logon](#) within either SDDI or the Student Detail Reports applications. Presentations on how to reconcile SAIS reports are available on our [Business Rules and Presentations site](#) within the “Presentation” section under FYs 2015 and 2014. You can also contact your [Account Analyst](#) for additional guidance and support.
