Dear Ms. Miller:

Enclosed is Arizona's response to the USDOE, OVAE, DATE findings as a result of the April 25-29, 2011 on-site monitoring visit. The attached chart identifies in five columns the finding(s), the state's response and improvement actions, target dates, completed dates and supporting documents/products.

As a result of the findings from aforementioned visit, and the strategic recommendations, Arizona is correcting the findings and evaluating the strategy recommendations. We join with the USDOE staff in wanting to continue to improve both the efficiency and delivery of our Career and Technical Education programs delivery.

Thank you for your guidance and commitment to quality Career and Technical Education programs for students in Arizona and across the nation.
