Improvement Plan for Measures not Meeting 90% of State Adjusted Level of Performance(SALP)

Perkins IV legislation states that if an eligible recipient fails to meet at least 90% of the SALP for any given performance measure, a program improvement plan will be developed and implemented by the eligible recipient in the succeeding year following the year in which the eligible recipient did not meet the measure [§123 (b)(2)]. The following section indicates any performance measure that did not meet at least 90% of the SALP and associated SMART objectives to improve on the measure. Use recommendations from Annual Program Evaluation (APE) in developing objectives.

Performance Measure not meeting 90% of SALP	Measurable Objective SMART Objective =Specific, Measurable, Attainable, Results-Oriented and Timely
