

CAREER and TECHNICAL EDUCATION

**Let's talk about the
ALIGNMENT REPORT**

What is the ALIGNMENT REPORT

- ✓ It is a CTE report mailed to the districts with the following reports:

40th Day Verification, 100th Day Verification, Preliminary Funding Reports, and Final Funding Reports (months of December, March, June, August)

- ✓ It is a tool that shows which data CTE has or does not have for a program for the current school year

*It **does not** indicate the quality of the data, **only** the existence of the data*

The “Aligned” or “Not-Aligned” status is **not a statement of approval or disapproval for funding**

The three "articulation" columns do not affect the alignment status but may be needed for funding

Program	Program Title	NOI Date	Coherent Sequence	Articulate Fed. BG	Articulate 40th Day	Articulate 100th	CE 40th	CE 100th	Non-Coop/ Comb	Coop/ Comb	Coop/ Comb Only	2010 Conc	2009 Place	Part/ Prog-Enroll	Reports NOI-BG-CE-PM-PE
520300	Accounting and Relat	07/01/1995	4				3	3	6	0		18	11	34	Aligned
010100	Agricultural Busines	07/01/2007	6				9	9	18	0		40	7	53	Aligned
100300	Graphic Communicatio	07/01/2008	5				9	10	19	0		6		65	Not Aligned
521800	Marketing Management	07/01/2008	5				10	11	20	1		71	23	73	Aligned
511600	Nursing Services	07/01/2004	2	020601001	020601001	020601001	1	1	2	0		8	11	4	Aligned

Every program at a school with any current data reported to CTE will be listed on its own line in the report

Details for each column are noted by footnotes

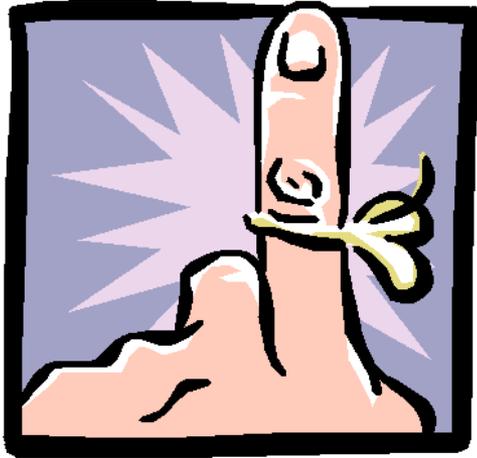

Empty columns show which data may be missing for the program

The "Aligned" or "Not Aligned" status is a reference for a district to verify

Please note that a program's "aligned" or "not-aligned" status is NOT a statement of approval for funding

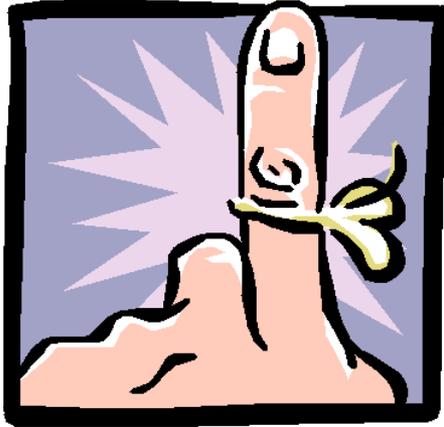

This report shows which data CTE has (or does not have) for a program for the current year. It does not indicate the quality of the data, only the existence of the data.

- Note1: "Coherent Sequence" column displays the reported number of courses planned (by the district) to be taught for this program for the current school year.
- Note2: CTDS of where a program's students are articulated (to) are copied from the BG Coherent Sequence, 40th-day course enrollment, and 100th-day course enrollment (all three should be the same)
- Note3: "CE 40th", "CE 100th", "Non-Coop", and "Coop CP" have the number of courses (career preparation) reported in this school year's course enrollment.
- Note4: If a program has only DCE, Internship, or COOP/Combined courses in the current school year - the "Coop-only" column shows "Error". These particular programs are not fundable.
- Note5: The count of concentrators reported for school year 2010 is reported in column "2010 Conc".
- Note6: The count of placements (of 2009 graduates) from this program is reported in column "2009 Place".
- Note7: The program participant (unduplicated count - each student counted in only one program in 2010) total is reported in column "Prog-Enroll".
- Note8: As of the end of school year 2010 - the program has "Aligned" status if it has active NOI, Coherent Sequence, Course Enrollment, Concentrator, Placement, and Program Enrollment

Program alignment status **is**
not a statement of funding!

Courses in a program even with “Aligned” status **will not** be funded if all funding requirements **are not** in place.

Program alignment status **is**
not a statement of funding!

COURSE REQUIREMENTS FOR STATE FUNDING

- A properly certified teacher
- An approved Notification of Intent (NOI) or Notification of Participation (NOP) for JTED approved programs on file for the program course/option
- **TBD** Online Participant/Program Enrollment (Career Prep participant count)
 - PARTICIPANTS- students who earned 1 or more Carnegie units/credits in a single CTE program during the reporting school year.
 - Do not count .99 or .00 student credits.
- Concentrator reports and Placement reports

TO GENERATE FUNDING FOR 11TH AND 12TH GRADE STUDENTS
