

### **ATTENTION FACS Ed Teachers!**

You are invited to join us for a professional development opportunity at Disneyland in Anaheim, California. Disneyland offers amazing educational experiences through their "Youth Education Series". This professional Development opportunity will allow you to experience workshops first hand and see how this can be incorporated into your class and FCCLA student organization.

The purpose of the trip is to not only show you how to use this trip to recruit and retain students in your program, but also to provide you with the opportunity to collaborate with teachers in your subject areas and learn about leadership, team building, and active participation strategies, the "Walt Disney Way". The tour will also include information on internship opportunities for students, Disney's philosophy of staff training, and employability skills for today's workplace.

#### **This interactive event will give you the opportunity to:**
