

**PROGRAM:**           **Electronics Drafting**

**PROGRAM  
CIP CODE:**       **15.1300.30**

**DESCRIPTION:**    The **Electronics Drafting** program is designed to prepare students to apply technical skills via computer assisted design and drafting to create two-dimensional and three-dimensional engineering designs using BIM (Building Information Models) type programs. It includes instruction in specification interpretation, dimensioning techniques, drafting calculations, material estimation, technical communications, and computer applications. In addition to the occupation related skills, students completing this program will develop advanced critical thinking, applied academics, interpersonal relations, life management, and business, economic, and leadership skills required for the 21st century workplace. The program uses a delivery system made up of four integral parts: formal/technical instruction, experiential learning, supervised occupational experience, and the Career and Technical Student Organization, SkillsUSA.

**RECOMMENDED PROGRAM SEQUENCE OF COURSES:**

**Career  
Preparation**        The following describes the recommended sequence of courses developed from industry-validated skills necessary for initial employment or continued related education. All the Career Preparation state-designated Electronics Drafting standards are addressed in this instructional sequence.

15.1300.10   **Drafting and Design Technologies Fundamentals:** This course prepares students to apply technical knowledge and skills to plan and prepare scale interpretations of engineering, design and architectural projects. It includes instruction in creating layouts and designs, blueprints and renderings and in the use of computer-assisted design programs. In addition to knowledge of drafting technologies, students will have the opportunity to place special emphasis on more specific services and/or industries in which they have an interest.

**-and-**

15.1300.30 **Electronics Drafting:** This course prepares students to apply technical knowledge and skills to develop working schematics and representations in support of electrical/electronic and computer engineers. Includes instruction in basic electronics, electrical systems and computer layouts, electronic circuitry and electrical systems specification interpretation.

**And program may elect to add:**

15.1300.75 **Drafting and Design Technologies - Internship:** This course provides CTE students an opportunity to engage in learning through participation in a structured work experience, that can be either paid or unpaid and does not necessarily require classroom instruction, that involves the application of previously developed Drafting and Design Technologies knowledge and skills.

**-or-**

15.1300.80 **Drafting and Design Technologies - Cooperative Education:** This course utilizes a cooperative education methodology to combine school-based and supervised work-based learning experiences directly related to the standards identified for the Drafting and Design Technologies program.

## TEACHER CERTIFICATION REQUIREMENTS FOR THE ELECTRONICS DRAFTING PROGRAM

CAREER PREPARATION: The instructor must be vocationally certified according to the following table:

<b>Electronics Drafting</b>	CERTIFICATES
	Types: PCTI, PCTIEP, SCTI, SCTIEP
<b>Note:</b>	
<ul style="list-style-type: none"> <li>▪ <b>Drafting and Design Technologies, 15.1300.70</b> may be a part of the sequence and the teacher must hold a Cooperative Education Endorsement (CEN).</li> <li>▪ Teacher/Coordinator <b>15.1300.75</b> is not required to have a Cooperative Education Endorsement (CEN).</li> <li>▪ Teacher/Coordinator <b>15.1300.80</b> is required to have a Cooperative Education Endorsement (CEN).</li> </ul>	

## CERTIFICATE ABBREVIATIONS FOR THE ELECTRONICS DRAFTING PROGRAM

Certificate Types	
<b>PCTI</b>	Provisional Career and Technical Education Industrial Technology
<b>PCTIEP</b>	Provisional Career and Technical Education Industrial and Emerging Technologies
<b>SCTI</b>	Standard Career and Technical Education Industrial Technology
<b>SCTIEP</b>	Standard Career and Technical Education Industrial and Emerging Technologies
