MASTER OF POST-PROCESSING: EDITING IN PHOTOSHOP, BRIDGE, AND LIGHTROOM

This course is designed exclusively for Graphic Arts Teachers who teach digital photography, Photoshop, image editing.

We'll discuss basic concepts, through and including advanced techniques, to master image editing in Photoshop, Adobe Bridge, and Adobe Photoshop Lightroom. Particular attention will be paid to

- which application(s) to use for what purpose(s),
- batch processing for efficiency,
- difficult selections and cut-outs,
- techniques for creatively guiding the viewer's eye through the image
- hidden/new tools for processing images,
- how to explain the pitfalls and primacy of Photoshop, and stay out of trouble!

Discover how to *teach* these skills to your students to motivate and encourage them. Handouts and notes will be made available to all attendees in pdf format for use in your classrooms! Ample time will be provided to answer *your* specific questions about techniques and troubleshooting. We'll dig deep into what drives you crazy or just what you'd like professionally unpacked.
