

No Bus Field Trip

September 26, 2011

Open the doors of your classroom to the world of outside learning opportunities. Real people and places in real time will change the way students think and learn. Every participant will engage in a live broadcast using introductory technology and experience a live field trip to The Phoenix Zoo.

AGENDA

WHAT	TIME
Welcome	
Field Trip Objectives	5 minutes
Distance Learning Definition	5 minutes
Project Zoo Lab	15 minutes
Live Broadcast	15 minutes
Partnerships	10 minutes
Brainstorming	10 minutes
Questions and Comments	10 minutes
Closing	

NO BUS FIELD TRIP

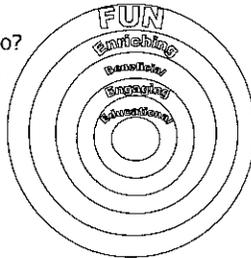

Michael Linn
April Moloney
Paradise Valley Unified School District
Community Education Department

WHERE DID YOU GO?

Past Field Trips

- Where did you go?
- What did you see and do?
- What was your learning objective?
- Did it meet your objective?
- What did your students walk away with – what did they remember?

Definition of NO BUS FIELD TRIP

- NO BUS FIELD TRIP = Distance Learning
 - Take students on multiple field trips instead of one
 - Safety of your classroom
 - Amazing hands-on experiences
 - Opportunity to learn, view and observe

- Brief history of development
- Benefits of partnership
- Student objectives
- Family Engagement

Introduction to Technology

- www.livestream.com/21stccdemo

Selecting a Partner/Location

- What do they have to offer?
- What will you see and experience?
- What is the learning objective?
- What can I offer them?
- Will this be mutually beneficial?
- Embed Smart Goals
 - Specific, Measurable, Attainable, Realistic, Timely

Brainstorm Possibilities

- Krispy Kreme

2 Suggestions

- Try something at your 21st CCLC site that incorporates distance learning field trips
- Get involved in Project Zoo Lab: Zoo Vet for Spring 2012

To stop live feed click on “Resume” button under auto-pilot.

Instructions for Teacher

Log into <http://www.livestream.com/21stcclcdemo>

Video will begin streaming when the “Director” cues

ZOO VET

A Phoenix Zoo veterinarian prepares a sedated Komodo Dragon to receive an MRI scan.

***The Zoo Vet is always on call
at The Phoenix Zoo!***

Project Zoo Lab is back with brand new activities. Students will be working with zoo staff using a special LIVE zoo internet channel to keep all 1300 animals healthy and happy. This is the perfect class for any student that has ever considered a career as a veterinarian and is intrigued about the excitement and challenges of working with animals.

Coming Thursdays!

2/2/12 through 3/8/12

THE PHOENIX ZOO VETS

ON CALL • 24 / 7
