April 9, 2014

The Honorable John Huppenthal  
State Superintendent of Public Instruction  
Arizona Department of Education  
1535 West Jefferson  
Phoenix, Arizona 85007

Re: Vacant Buildings Suitable for Use as Charter Schools

Dear Superintendent Huppenthal:

Pursuant to A.R.S. § 15-189, the Arizona Department of Education (ADE), in conjunction with the Arizona Department of Administration (ADOA), shall annually publish a list of vacant and unused portions of State-owned buildings that may be suitable for the operation of a charter school. ADOA surveyed the ADOA, Arizona Department of Transportation (ADOT), and Arizona Board of Regents (Regents) Building Systems and concluded there are no vacant and unused portions of buildings in the State's inventory that may be suitable for the operation of a charter school.

If you need further information about State-owned buildings, please contact Nola Barnes, General Manager, ADOA General Services Division (GSD), Building and Planning Services (BPS) by phone at (602) 542-1954 or by email at [nola.barnes@azdoa.gov](mailto:nola.barnes@azdoa.gov).

Sincerely,

Brian C. McNeil  
Director
