

# **AZELLA Stages III – V: The Move to Computer- Based Testing**

**Melissa Stinson-Borg**

Arizona Department Education –  
State Contract Testing Manager

**Erica Baltierra**

Pearson – Arizona Program Manager

# Test Revision

- Revised Reassessment – Spring 2018
- Revised Placement – School Year 2018-19
  - Kinder Placement and Stages I and II remain paper based
  - Stages III-V will be computer-based for both Placement and Reassessment
    - Computer adaptive test
    - No local scoring of writing for Stages III – V
    - No storage or shipping of testing materials
    - More like the AzMERIT test administration

# Test Revision

- Three main questions we're going to have you discuss today:
  1. What are your concerns about technology to test?
  2. IF all the technology is in place at the school, what do you believe are the road blocks in the way for the students to take the test on the computer?
  3. What are your concerns about the structure of the test administration?

## Question #1

What are your  
concerns about  
technology to test?

## Question #2

IF all the technology is in place at the school, what do you believe are the road blocks in the way for the students to take the test on the computer?

## Question #3

What are your concerns about the structure of the test administration?
