

The Arizona Department of Education’s Information Technology (ADE IT) Division, in collaboration with School Finance, the Office of English Language Acquisition Services (OELAS), and the Exceptional Student Services (ESS) Division, is in the process of revising the current “Student Detail Data Interchange” application. A new and improved application, appropriately named “Student Detail Reports,” will be available over the next couple of months and will begin to house the new Student Detail reports as they are converted to new technology.

While this new application is in the works, the first new report, the SDELL70 – AZELLA Student Test History Report, which replaces the current SDELL70 report, will be made available within the “AZELLA Corrections / SDELL Reports” application (See Figure 3). One of the benefits noted immediately is the speed at which the report is generated, which makes downloading data a lot less time consuming for the user!

On April 25<sup>th</sup>, the link to the old version of the SDELL70 Report was removed from the Student Detail Data Interchange (SDDI) application and a new link was created. As ADE IT gradually transitions all of the reports to the new technology, the “Old” way to access the reports will be available (See Figure 1), but will redirect the user to the new Common Logon “Student Detail Reports” application via a link.

Going through SDDI, users will still be able to go to the “Download Area.” A message will be scrolling across the top of the screen that has a link to the “New” SDELL reports. As reports are updated and made available within the new “Student Detail Reports” application, the SDDI report links will be removed and the list of these updated reports will be available by clicking on a new e-link at the top of the screen (See Figure 2), or by simply accessing Student Detail Reports through Common Logon.

To generate the SDELL70 - AZELLA Student Test History Report, enter the student's SAIS ID number, and click on the ViewReport button.

The report is generated and displays below the entry field.

The screenshot shows the SDELL Reports interface. At the top, it says "AZELLA Corrections / SDELL Reports" and "Fiscal Year 2013". There are tabs for "SDELL70 - AZELLA Student Test History Report", "SDELL71 - ELL Program Participation Report", and "SDELL72 - AZELLA Roster Report". The selected tab is "SDELL70 - AZELLA Student Test History Report". Below the tabs, there is a "SAIS ID" field with the value "123456789" and a "View Report" button. A navigation bar shows "1 of 1" pages. The main content area displays the following information:
