In conjunction with the Phoenix Desert AP* Summer Institute, we are pleased to offer workshops designed for teachers grades 7-10 and teachers of gifted students grades K-6.

Strategies Workshops for teachers grades 7-10.

These four day workshops will offer teachers hands-on activities, group discussions, and strategies to prepare their 7th through 10th grade students for the rigorous course work expected of students in the Common Core State Standards, as well as in advanced and honors classes. The workshops focus on helping participants explore and articulate middle school and high school curriculums anchored in the skills, knowledge and habits of the mind needed for achieving the CCSS and for success in advanced courses. Both middle and high school teachers will find activities that can benefit their students. Cost is \$600 for four days and includes lunch each day and materials.

Courses offered are:

English Strategies for teachers Grades 7-10 (Tucson and Phoenix sessions)

Mathematics Strategies (Vertical Teams) for teachers' grades 7-10 (Tucson and Phoenix)

Social Studies Strategies for teachers' grades 7-10 (Tucson session and Phoenix)

Science Strategies for teachers' grades 7-10 (Tucson session and Phoenix) includes labs

Gifted Strategies for Teachers Grades K-6

This four day institute is designed for the classroom teacher who has the responsibility to "differentiate instruction" for the gifted learner in their classroom. It would also be appropriate for gifted teachers who want to add new tools to their instructional skill set for working with gifted students. In either case the participants will learn about the specific and unique needs of gifted students, strategies for working with these students, teaching methods and specific classroom activities with proven effectiveness.

Cost is \$600.00 for four days and includes materials.

This class is offered for the Phoenix Session only
