

Professional Standards for School Nutrition Personnel Proposed Rule

Healthy Hunger-Free Kids Act--Section 306

Child Nutrition Programs
Food and Nutrition Service

February 2014

Webinar Objectives

Following this session you will :

- ▶ Be aware of how USDA developed the proposed rule
 - ▶ Understand the main components of the proposed rule
 - ▶ Know how to submit your comments
- 

Why do we need professional standards for people working in school nutrition?

Why Professional Standards?

- ▶ Training requirements will build skills
 - ▶ School nutrition programs are complex—on-going training is necessary just to keep up
 - ▶ Enhance the image of school nutrition employees
 - ▶ Training of food handlers is crucial for the health of our students
- 

HHFKA, Section 306

Professional Standards

The Act states that USDA will establish:

- ▶ Required education, training and certification for all school foodservice directors responsible for the management of a school food authority
 - ▶ Minimum education requirements for new directors
 - ▶ Minimum annual training for school nutrition personnel who manage and operate the National School Lunch and Breakfast Programs
- 

HHFKA, Section 306

Professional Standards—continued

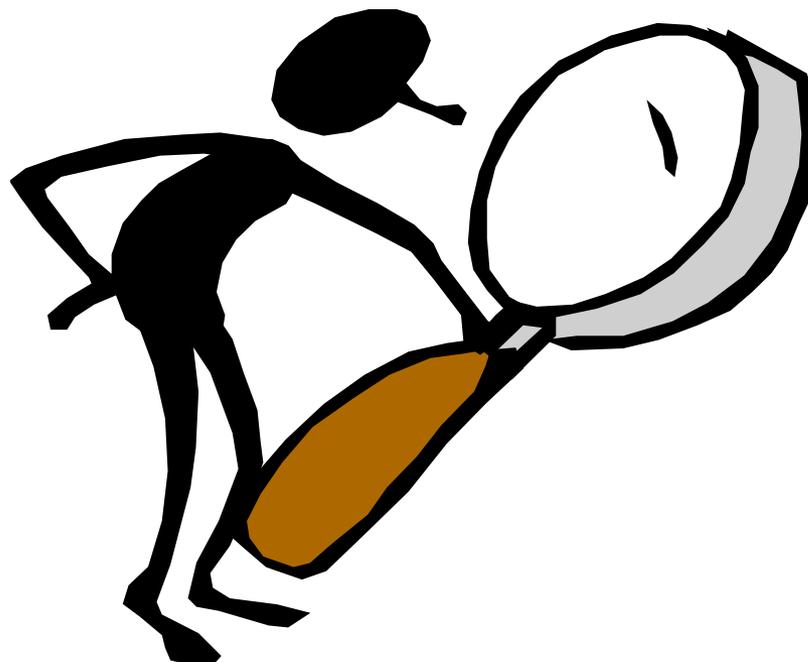

Requirements for State Agency Directors:

- ▶ Hiring standards for State Agency Directors
 - ▶ Requirements for States to provide annual training for LEAs and school nutrition personnel
- 

How did USDA come up with the standards?

- ▶ Looked at current research
 - ▶ Considered existing programs and recommendations
 - ▶ Sought input
- 

Let's look at HHFKA...Professional Standards Proposed Rule

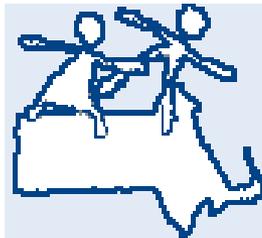

What is in the proposed rule?

- ▶ Minimum professional standards for:
 - State Agency Directors
 - School District Child Nutrition Directors
 - School Managers and Other Staff

State Agency Directors

New State Agency CN Directors Proposed Requirements

(Individuals at the State agency level with responsibility for oversight of the NSLP and SBP.)

- ▶ Bachelor's degree in:
 - Food and nutrition, food service management, dietetics, family and consumer science, nutritioned, culinary arts, business, or related field
- ▶ Skills in leadership, management and supervision to support school nutrition programs

State Agency Directors

Proposed Recommendations

- ▶ Master's degree
- ▶ 5 years of experience in child nutrition or foodservice management
- ▶ Professional certification such as SNS, RD

State Agency Director of Food Distribution Proposed Requirements

(Individuals at the State agency level with responsibility for the distribution of USDA Foods in schools under 7 CFR part 250.)

- ▶ Bachelor's degree (no major specified)
 - ▶ Extensive knowledge and experience
 - ▶ Skills in leadership, management and supervision
- 

State Agency Director of Food Distribution *Proposed Recommendations*

- ▶ Recommended that new State directors of distributing agencies possess:
 - At least 5 years of experience in institutional food service.

State Agency Training Requirements CN Director and FD Director

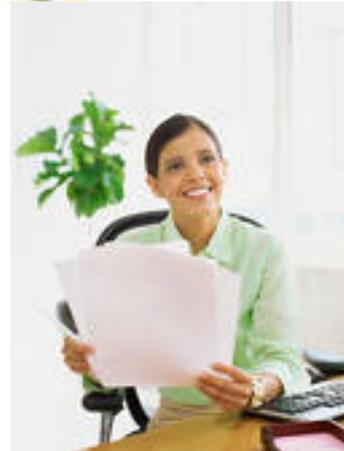

- ▶ New and current directors must:
 - Receive minimum of 15 hours of training each year
 - PROVIDE training

State Agency Training Requirements CN Director and FD Director—continued

How will States provide the required training?

- ▶ States may use partners or contractors such as:
 - FNS
 - NFSMI
 - Professional associations
 - Academic institutions
 - Commercial vendors

School Food Authority Directors

Welcome to the
IOWA CITY COMMUNITY SCHOOL DISTRICT
Child-Centered : Future-Focused

School Food Authority Directors Definition

- ▶ Responsible for the management of a school food authority (SFA)
 - ▶ SFA is the governing body that has the legal authority to operate the school meal programs
- 

School Food Authority Directors

- ▶ The rule proposes:
 - Education, training and certification requirements
 - Training criteria to maintain certification

School Food Authority Directors

- ▶ Requirements for new hires
- ▶ Divided into three LEA size categories
 - Recognizing increasing responsibility and complexity
- ▶ Categories:
 - Fewer than 2,500 students
 - 2,500–9,999 students
 - 10,000 or more students
 - In proposed rule, broken into 10,000–24,999 and 25,000+ students

New Directors of LEAs with fewer than 2,500 students must meet 1 of the following:

- ▶ A Bachelor's degree/equivalent in specific majors
 - ▶ A bachelor's degree/equivalent in any major, plus a State-recognized certificate
 - ▶ An associate's degree/equivalent plus at least 1 year of relevant experience
 - ▶ A high school diploma (or GED) and 5 years of relevant experience.
- 

New Directors of LEAs with 2,500–9,999 students must meet 1 of the following:

- ▶ A bachelor's degree/equivalent in specific majors
 - ▶ A bachelor's degree/equivalent in any major, plus a State-recognized certificate
 - ▶ An associate's degree/equivalent plus at least one year of relevant experience
- 

New Directors of LEAs with 10,000 or more students must meet 1 of the following:

- ▶ A bachelor's degree/equivalent in specific majors
 - ▶ A bachelor's degree/equivalent in any major, plus a State-recognized certificate
- 

New Directors of LEAs with 10,000 or more students– *preferred standards*

- ▶ A master's degree, or willingness to work toward a master's degree
 - ▶ At least 3 college credits in food service management and at least 3 college credits in nutrition
 - ▶ At least one year of management experience, preferably in school nutrition
- 

Food Safety Requirement for Directors

- ▶ At least 8 hours of food safety training would be required either within 3 years prior to their starting date or completed within 30 days of employee's starting date.

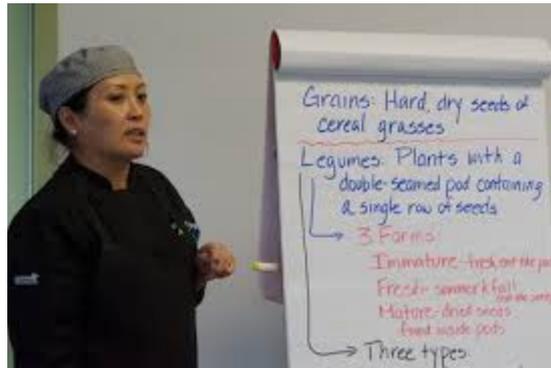

SFA Directors Training

- ▶ 15 hours of annual training
 - ▶ A variety of formats are allowed
 - ▶ Training conducted by directors or staff may count toward their own training
- 

Training Topics for Directors

- ▶ Administrative practices, including:
 - Application, certification
 - Verification
 - Meal counting
 - Meal claiming procedures
 - ▶ Other topics determined by FNS
- 

School Nutrition Managers

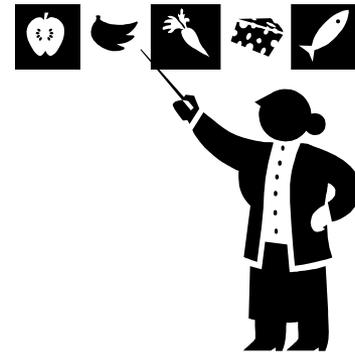

School Nutrition Managers Definition

- ▶ Managers are those individuals directly responsible for the management of the day-to-day operations of school nutrition programs for a participating school(s)
- 

School Nutrition Managers

- ▶ No education requirements
- ▶ Annual training requirements
 - 12 hours annually

Training for School Nutrition Managers

- ▶ Includes topics such as:
 - administrative practices
 - identification of reimbursable meals at the point of service
 - nutrition
 - health and safety standards
 - other topics, as specified by FNS

Other school nutrition employees

Other school nutrition employees

Definition

- ▶ School nutrition program staff are those individuals without managerial responsibilities
 - ▶ Involved in routine operations of school nutrition programs for a participating school(s).
 - ▶ Seek comment on this definition and who this requirement should apply to
- 

Other School Nutrition Employees Proposed Training

- ▶ 8 hours of training each year
 - ▶ Employees who work less than 20 hours/week will have training requirements proportional to hours worked
- 

Training for Other School Nutrition Employees

- ▶ Includes topics such as:
 - free and reduced price eligibility
 - application, certification, and verification procedures
 - identification of reimbursable meals at the point of service
 - nutrition
 - health and safety standards
 - other topics, as specified by FNS

Proposed Requirements by Job Category

State Agency Director & FD Director	School Nutrition Directors–District level	School Nutrition Personnel: Managers & Other Staff
Hiring Standards: Bachelor’s degree Additional skills	Education requirement: based on LEA size	
Training requirements: Receive 15 hours Give 18 hours	Training requirements: 15 hours	Training requirements: 12 hours–managers 8 hours others Less for part-time

Training Program Partnership

- ▶ USDA will work with other organizations, universities and professional associations
 - To establish and manage the program
 - Develop in-person and on-line training

Training

- ▶ In a variety of formats
 - Virtual/web-based and in-person
 - Including free or low-cost options
 - ▶ From a variety of sources
 - FNS
 - NFSMI
 - Professional Associations and organizations
 - In-house
 - State
 - Commercial vendors
- 

Training Database

- ▶ FNS is developing a database of all training available throughout the US
 - In person
 - On-line
 - In various languages

Allowable Costs

- ▶ Providing training to school nutrition program staff is an allowable use of the nonprofit school food service account

Certificate Program

- ▶ Currently being developed
- ▶ Not a certification or credentialing program
- ▶ Recognition for various levels of training

SFA Responsibilities

- ▶ Track employee training
 - Optional tool being developed by FNS
- ▶ Encourage training opportunities

State oversight

- ▶ States will review compliance with the professional standards at the time of their normal administrative review
