All Summer Food Service Program sponsoring organizations must annually determine the number of potentially eligible participants by ethnic/racial category for the area served and submit this information with the application.

The traditional definition of **race and ethnicity** is related to biological and sociological factors respectively.

Race refers to a person's physical appearance from descent or heredity, such as skin color, eye color, hair color, etc.

Ethnicity, on the other hand, relates to cultural factors such as nationality, culture, ancestry, language and beliefs.
