English Language Arts - Kindergarten									
	FF197	Alphabet Folder Game Library - Pre K-K	Early Childhood P.175	As children play our exciting folder games, they get hands-on, independent practice sequencing the alphabet, identifying letter sounds and more! Our library features 10 self-checking folder games covering 6 essential language skills. Kids select a game and the corresponding pouch of game pieces...then just follow the picture instructions for tons of skill-building fun. Plus, all the pieces come precut and sorted—so there's no prep work required! Library comes in a sturdy storage box; folders measure 9 1/4" x 11 5/8".  WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Kindergarten	Alphabet Knowledge	English Language Arts	
	TT824	Letter Recognition Instant Learning Center	Early Childhood P.177	Children build letter recognition—with a ready-to-use activity center they can explore on their own! Our instant center is specially designed for independent exploration: Just set out the materials, introduce the activity...then students use fun foam letters and activity mats to explore the upper- and lowercase alphabet at their own pace! The all-in-one center has enough materials for up to 4 children to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple picture instructions, so even nonreaders can participate. Center includes 104 letters, 4 drawstring bags, 4 alphabet mats and a write & wipe assessment card.  WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$34.99	Kindergarten	Alphabet Knowledge	English Language Arts	
	TT822	Beginning Sounds Instant Learning Center	Early Childhood P.177	Students learn to identify beginning sounds—with a ready-to-use activity center they can explore on their own! Our instant center is specially designed for independent exploration: Just set out the materials, introduce the activity...then students use illustrated activity mats and fun picture pieces to explore beginning sounds at their own pace! The center has enough materials for up to 4 children to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple picture instructions, so even nonreaders can participate. Center includes 64 game pieces, 16 activity mats, 4 drawstring bags and a write & wipe assessment card.  WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$34.99	Grades K-1	English Language Arts	English Language Arts	
	LL965	Teaching Fluency Skills Activity Center	Elementary P.28	Students get lots of skill-building fluency practice—as they complete these engaging, hands-on activities! Our ready-to-use center includes 15 different write & wipe mats that focus on an essential component of reading...plus enough hands-on materials for up to 4 students to work at once. Students use fun flip books to read high-interest stories, identify difficult words, time their reading speeds, read with expression and more—developing essential fluency skills in a variety of genres. The center includes 15 write & wipe activity mats, 4 flip books, 4 write & wipe markers, 2 one-minute timers and an activity guide with differentiated instruction strategies.	\$39.99	Grades K-3	Fluency	English Language Arts	
	TT303	Road to Reading Activity Center	Early Childhood P.189	Kids get ready to read—one skill at a time! Our hands-on center guides children along the path to reading step-by-step. First, children complete alphabet puzzles to learn letter sounds...then they use picture cards and letter tiles to build simple words. Next, kids progress to tracing sight-words with fun-to-touch tactile word cards. Finally, children put it all together to read an entire book...all on their own! Center includes 5 folders—each with letter sound puzzles, word-building cards and letter tiles, sight-word cards and a book. Center measures 7 1/2".  WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$59.99	Kindergarten	Language Skills	Emergent Readers

	EE994	Visualize It! Part-Whole Fractions Cards	Elementary P.94	Designed to jump-start math fluency, our part-whole cards help kids visualize fraction problems! Each card features a kid-friendly bar model with a question mark representing the missing value. After children solve for the missing number, they simply flip the card over to check their answer! Perfect for small groups, math centers and independent practice, the set includes 100 double-sided cards in a sturdy box with tabbed dividers. Cards measure 4" x 6".	\$19.99	Grades K-5	Fractions	Math	
	PP714	Geometry Folder Game Library - K-Gr. 1	Elementary P.86	Boosting math skills is a blast—with fun folder games children play on their own! Each ready-to-use game includes everything students need for independent practice with partitioning shapes, defining shapes by attributes and more! Children simply grab a color-coded folder and a corresponding pouch of tiles...follow the simple, 3-step instructions to complete the activity...then check their own answers for instant reinforcement! Set includes 10 folder games in a storage box. Each folder measures 9 1/4" x 11 5/8". ⚠️ WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Grades K-1	Geometry	Math	
	EE658	Teaching Geometry Activity Center	Elementary P.88	Our skill-building center makes it easy to explore geometry concepts—with engaging activities students can complete on their own! The center includes 15 different write & wipe mats that focus on geometry skills...plus enough 2-D and 3-D shapes for up to 4 students to work with at once! Children just choose an activity and the matching set of manipulatives, follow the step-by-step directions to complete the activity at their own pace...then use the included answer cards to check their own work! Center includes 15 activity mats, 4 write & wipe markers, manipulatives, answer cards and a guide; activity mats measure 8" x 10". ⚠️ WARNING: CHOKING HAZARD - Item contains small parts and small balls. Not for children under 3 yrs.	\$39.99	Grades K-1	Geometry	Math

	HH464	Shapes & Measurement Folder Game Library - Pre K-K	Early Childhood P.205	Boosting math skills is a blast—with super-fun folder games children can play on their own! Our ready-to-use library comes with everything students need to play each game—no prep work required. Children simply grab a color-coded folder and corresponding pouch of game tiles...follow the simple, 3-step instructions to complete the activity...then check their own answers for instant reinforcement! Library includes 10 games that let children compare objects, measure with nonstandard units, identify shapes and more—all in a storage box. Folders measure 9 1/4" x 11 5/8".  WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Kindergarten	Geometry	Math	
	HH725X	Self-Checking Math Match-Ups - Complete Set	Elementary P.88	These self-correcting puzzles give students hands-on practice with early math concepts—from number patterns to word problems! Each set includes 30 color-coded 2-piece puzzles that focus on a specific skill. Children just match up the pieces to solve equations, see equivalents side by side and more. Complete set includes all 4 sets shown, for a total of 120 puzzles; each measures 3" x 6". <i>Each set also available separately.</i>	\$49.99	Grades K-1	Mastering Basic Skills	Math	
	LC770	Math Manipulative Toolbox - K-Gr. 1	Elementary P.89	Reinforce math concepts for kindergarten and grade 1 with our versatile toolbox! Packed with manipulatives that align to major standards, the toolbox provides lots of hands-on experience with everything from counting and base 10 to comparing numbers and building shapes. Use the manipulatives to review key concepts with a small or large group of students...or encourage kids to practice building math skills on their own. You get a write & wipe number line, a write & wipe 120-chart, 13 pattern blocks, base 10 blocks (10 tens rods and 25 ones cubes), 2 ten-frames and 20 double-sided counters! Plus, the sturdy plastic toolbox is designed to fit inside most student desks—so manipulatives are always within reach. Toolbox comes with an activity guide and measures 6" x 7 1/4".  WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$21.99	Grades K-1	Mastering Basic Skills	Math	
	EE110	Number Talk Daily Activity Center - Kindergarten	Elementary P.85	Just grab one of our ready-to-use problem cards—and get kindergartners talking about number concepts! Our activity center includes 120 cards divided into 3 categories, encouraging students to <i>model</i> math concepts, <i>explain</i> their reasoning and <i>critique</i> the reasoning of others. Simply use the front of each card to introduce a daily problem, then enrich your discussion using the follow-up questions on back. As students think about and discuss each problem, they'll sharpen problem-solving skills and strengthen mathematical reasoning! Center includes 3 storage cups to keep cards organized—all in a 10 1/2" display tray.	\$29.99	Kindergarten	Mastering Basic Skills	Math	
	LC610	Family Engagement Math Pack - Kindergarten	Elementary P.90	Keep kids learning at home with games that target key math skills...and engage the whole family in the learning process! Our pack includes easy-to-follow instructions in English and Spanish...plus materials for 15 different hands-on math games. Simply use our number lines, counters and more to play—helping children practice everything from making 10 to comparing numbers. Plus, an in-depth activity book describes each game...and even explains how family engagement can boost student achievement at school. The pack includes 6 write & wipe game mats and a game board, plus playing cards, dice and more—all in a heavy-duty plastic pouch. Game board measures 12" x 12".  WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$29.99	Kindergarten	Mastering Basic Skills	Math

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	AA394	Early Writing Process Student Folder	Elementary P.66	Our folder guides early writers through the writing process—so they can turn out a polished piece every time! Each folder simplifies the process into 3 steps—plan, write and finish—with helpful illustrations that show kids what to do before moving on. Plus, when kids get stuck, they just flip the folder over and find tons of helpful resources—including the alphabet, the first 50 sight-words, a list of adjectives and more. Best of all, there’s room to store everything inside—from the story plan to the final draft! Folder measures 9 1/2" x 12".	\$2.39	Grades K-1	Writing	English Language Arts	
	AA997	Build-A-Story Flip Book	Elementary P.66	Our easy-to-use flip book gives children a fun, hands-on way to create their own stories! It features cute, illustrated cards for each essential story element—including characters, settings, events and conclusions. Kids just flip through the cards to choose the elements for their story...then fill in the details on their own! Spiral-bound book includes 20 flip cards for each story element. Book measures 4 3/4" x 8 3/4".	\$16.99	Grades 1-3	Writing	English Language Arts	
	FF236	Sequence & Write Story Tiles	Elementary P.66	Our fun-to-sequence story tiles are specially designed to get kids writing creatively—as they describe the setting and characters, explain the story’s plot, and more! The set includes 10 sequencing mats and 10 different sets of illustrated story tiles. Children place the tiles in order on their mat, then use the pictures to write their own story step-by-step! There are even key words on the back of each tile to get kids started. You get a total of 60 tiles; mats measure 4 1/2" x 16 1/2".	\$29.99	Grades 1-3	Writing	English Language Arts	
	LL843	Nonfiction Sequence & Write Tiles	Elementary P.66	Students learn to instruct, inform and persuade through writing—with nonfiction tiles that guide young writers through the process! Children simply sequence the beautifully photographed tiles right on the mat—then use the pictures to help them write a nonfiction passage with a clear beginning, middle and end. Each tile even has a word bank on back to help children get started! Includes 10 sequencing mats and 10 corresponding sets of tiles. With 50 tiles in all; mats measure 5 1/2" x 14".	\$29.99	Grades 1-3	Writing	English Language Arts	
	EE117	Grab & Write Social-Emotional Prompts - K-Gr. 2	Elementary P.67	Strengthen social-emotional learning in the classroom with our engaging prompt cards! Great for daily writing or group conversations, the cards cover topics such as friendship & teamwork, self-control and more. Simply pick a card from the mystery box for the class to write about or discuss—or let students choose and respond on their own. Set includes 100 prompt cards and a mystery box. Box measures 7 1/2"w x 7 1/2"d x 6 1/2"h.	\$29.99	Grades K-2	Writing	English Language Arts

	DD568	Measurement Instant Learning Center	Elementary P.94	Measurement concepts are easy to grasp—with a hands-on learning center that comes ready to use! Our instant center has everything students need to build skills independently: Just set out the materials...then students use the included write & wipe mats, rulers and lizard shapes to estimate and measure lengths! The center has enough materials for up to 4 students to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple instructions that are a cinch for students to follow on their own. Center includes 4 write & wipe activity mats, 4 rulers, 16 die-cut lizards and 4 write & wipe markers...plus a guide with differentiated instruction strategies and a write & wipe assessment card to track students' progress.	\$34.99	Grades 1-2	Mastering Basic Skills	Math	
	DD564	Time Instant Learning Center	Elementary P.94	Students master analog and digital time—with a hands-on learning center that comes ready to use! Our instant center has everything students need to build skills independently: Just set out the materials...then students use fun, watch-shaped puzzles to match each analog time with its digital and word forms! The center has enough materials for up to 4 students to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple instructions that are a cinch for students to follow on their own. Center includes 120 puzzle pieces (30 per pouch), 4 pouches...plus a guide with differentiated instruction strategies and a write & wipe assessment card to track students' progress.	\$34.99	Grades 1-2	Mastering Basic Skills	Math	
	DD576	Data & Graphing Instant Learning Center	Elementary P.94	Graphing concepts are a cinch to understand—with a hands-on learning center that comes ready to use! Our instant center has everything students need to build skills independently: Just set out the materials...then students use the included write & wipe mats and cute sea life manipulatives to collect data, then create and interpret their own bar graphs! The center has enough materials for up to 4 students to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple instructions that are a cinch for students to follow on their own. Center includes 4 activity mats, 72 sea life manipulatives, 4 write & wipe markers and more...plus a guide with differentiated instruction strategies and a write & wipe assessment card to track students' progress.	\$34.99	Grades 1-2	Mastering Basic Skills	Math	
	DD575	Geometry Instant Learning Center	Elementary P.94	Students explore geometric shapes—with a hands-on learning center that comes ready to use! Our instant center has everything students need to build skills independently: Just set out the materials...then students use the included write & wipe mats and fun-to-complete puzzles to build and describe a variety of shapes! The center has enough materials for up to 4 students to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple instructions that are a cinch for students to follow on their own. Center includes 4 activity mats, four 12-piece puzzles and 4 write & wipe markers...plus a guide with differentiated instruction strategies and a write & wipe assessment card to track students' progress.	\$34.99	Grades 1-2	Mastering Basic Skills	Math	
	DD571	Addition & Subtraction Instant Learning Center	Elementary P.94	Students create and solve tons of equations—with a hands-on learning center that comes ready to use! Our instant center has everything students need to build skills independently: Just set out the materials...then students use the included write & wipe mats and spinners to practice addition and subtraction at their own pace! The center has enough materials for up to 4 students to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple instructions that are a cinch for students to follow on their own. Center includes 4 activity mats, 4 spinners, 4 write & wipe markers and more...plus a guide with differentiated instruction strategies and a write & wipe assessment card to track students' progress.	\$34.99	Grades 1-2	Mastering Basic Skills	Math

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP661	Pick-A-Problem Math Warm-Ups - Gr. 1	Elementary P.97	Just reach into the mystery box to pick a math problem—and target key math standards in just a few minutes each day! Great for daily warm-ups, extra practice, math centers and more, our set includes 100 question cards featuring fun-to-solve riddles, puzzles and word problems—all targeting first-grade standards for math. The set even includes a guide with an answer key for easy self-checking, plus a mystery box. Box measures 7 1/2" w x 7 1/2" d x 6 1/2" h.	\$29.99	Grade 1	Mastering Basic Skills	Math	
	LC165	Place Value Activity Kit	Elementary P.100	Our kit lets kids use colorful plastic place value blocks to visually represent ones, tens, hundreds and thousands—even build and solve equations! Kit comes with 2 write & wipe mats, 100 unit cubes, ten 10-unit rods, ten 100-unit flats and one 1,000-unit cube, plus 2 write & wipe markers.	\$34.99	Grades 1-3	Numbers & Operations in Base 10	Math	
	DD267	Snap & Slide Number Bonds - Set of 4	Elementary P.102	Students build their own visual models as they explore our hands-on number bonds! Kids just write a number from 1 to 20 on top of each board, snap on the counting pieces and slide them into two groups to show as many number combinations as possible! You get four activity boards with write & wipe spaces to write out each number bond, plus 84 counting pieces. Activity boards measure 14 1/2". <i>Write &amp; wipe markers sold separately.</i> ⚠️ WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$29.99	Grades K-1	Operations & Algebraic Thinking	Math	
	AA620X	Addition Fluency Puzzles - Complete Set	Elementary P.102	As kids put together our skill-building sun puzzles, they boost addition fluency—in a concrete, visual way! Each self-correcting puzzle features a number from 1 to 20, plus 5 equation pieces. Kids just match the number in the sun's center to the corresponding equations—developing addition fluency with instant reinforcement! Each set includes 17 puzzles divided into 4 skill levels that gradually progress in difficulty. Complete set includes all 3 sets shown, for a total of 51 puzzles. Puzzles measure 6". Each set also available separately.	\$69.99	Grades 1-2	Operations & Algebraic Thinking	Math	
	TT326	Addition Facts Folder Game Library - K-Gr. 2	Elementary P.103	What better way to learn essential addition facts than with hands-on games that are super-fun to play! Our library focuses on addition facts and strategies for sums within 20, with 10 folder games that allow up to 10 students to play at once—with no prep work required. Children simply grab a folder and the color-coded pouch of game pieces...follow the illustrated 3-step instructions on the folder to play the game independently...then use the included answer card to check their own work and get all the reinforcement they need to master the math facts! Library includes 10 folder games; each folder measures 9 1/4" x 11 5/8". ⚠️ WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Grades K-5	Operations & Algebraic Thinking	Math

	PP856	Social Studies File Folder Games - K-Gr. 1	Elementary P.137	Our folder games are a fun way for kindergartners & first-graders to explore social studies at community, national & global levels—using a hands-on format that helps them retain what they learn! There’s no prep work required—the set includes 10 tabbed folders, plus 10 pouches containing pre-cut, sorted & color-coded pieces. Students just choose a folder & start discovering fascinating concepts—independently! Topics include maps, citizenship, community, cardinal directions, and famous American figures, holidays and symbols. ⚠️ WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Grades K-1	Community, Citizenship, Maps, American Figures, & Symbols	Social Studies	
	EE222	Landforms & Mapping Resource Box	Elementary P.138	Our activity-filled resource box has everything students need to learn about using maps and identifying important geographical features...and develop reading and writing skills at the same time! The set features realistic props that give students a tactile and visual sense of important topics—from a full-color map and globe to a working compass and 3-D landform mold. Plus, we’ve provided tons of ready-to-use teaching tools that support national social studies standards and build essential language skills—from reading for information and developing comprehension to writing in a variety of styles and genres. You even get a guide with over 20 pages of skill-building reproducibles and activities! Box measures 12" x 15".	\$99.50	Grades 1-3	Geography & Mapping	Social Studies	
STEM - First Grade									
	TT760	Learn to Code File Folder Games - K-Gr. 1	Elementary P.115	These ready-to-use folder games help kids master early coding skills! Children just follow the simple 3-step instructions to code a path from start to finish on 10 colorful, engaging folders—developing computational thinking and problem-solving skills along the way! You get 10 different activity folders, each with game tiles, a pawn and a storage pouch. Set of folders includes an activity guide; folders measure 17 1/2" wide when open. ⚠️ WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Grades K-1	Critical Thinking/Problem-Solving	STEM	
	PP738	Power Tiles Circuit Kit - Starter Set	Elementary P.115	Introduce 21st-century skills like electronics and robotics—as students design and build with our action-filled circuits! Interchangeable circuit tiles snap together in every direction for endless exploration, and a variety of tiles let children experiment with light, sound, motion and more. Follow our guide to build 2-D and 3-D circuits—from a night-light to a beeping alarm—or let kids design their own creations! Set comes with 15 tiles; each measures 3" x 3". Detailed guide features easy-to-follow instructions for 8 challenge activities. Requires one 9-volt battery (not included).	\$99.50	Grades 1-5	Critical Thinking/Problem-Solving	STEM

	DD573	Money Instant Learning Center	Elementary P.94	Students explore a variety of coin combinations—with a hands-on learning center that comes ready to use! Our instant center has everything students need to build skills independently: Just set out the materials...then students use the included write & wipe mats and activity cards to compare money values and count coin combinations! The center has enough materials for up to 4 students to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple instructions that are a cinch for students to follow on their own. Center includes 4 activity mats, 36 activity cards, plastic coins, 4 write & wipe markers...plus a guide with differentiated instruction strategies and a write & wipe assessment card to track students' progress.	\$34.99	Grades 1-2	Mastering Basic Skills	Math
	HH739	Addition & Subtraction Strategies Instant Learning Center	Elementary P.95	Students develop addition and subtraction strategies—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 4 sets of strategy and answer pieces, a double-sided chart with simple, step-by-step instructions and an answer card for easy self-checking. Plus, the center includes an activity guide and a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math
	HH492	Elapsed Time Instant Learning Center	Elementary P.95	Students master calculating elapsed time—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 4 reusable write & wipe activity mats, 4 write & wipe markers, 4 sets of question cards and time tiles, and a double-sided chart with simple, step-by-step instructions. The center even includes an activity guide, an answer key for easy self-checking, plus a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math
	HH494	Comparing Numbers Instant Learning Center	Elementary P.95	Students practice comparing numbers—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 12 comparison tiles, 12 foam cubes, 4 reusable write & wipe activity mats, 4 write & wipe markers, and a double-sided chart with simple, step-by-step instructions. The center even includes an activity guide, plus a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math
	HH781	Understanding Fractions Instant Learning Center	Elementary P.95	Students develop essential fractions skills—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 4 sets of fraction pieces, 4 write & wipe activity mats, 4 write & wipe markers, a double-sided chart with simple, step-by-step instructions and an answer card for easy self-checking. Plus, the center includes an activity guide and a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math

	HH495	Beginning Multiplication Instant Learning Center	Elementary P.95	Students practice multiplication—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 4 flip books, 4 reusable write & wipe activity mats, 4 write & wipe markers, a drawstring bag with over 150 counters and a double-sided chart with simple, step-by-step instructions. The center even includes an activity guide, an answer key for easy self-checking, plus a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math	
	HH497	Number Sense Instant Learning Center	Elementary P.95	Students develop number sense—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 4 vinyl pouches with 4 puzzles each, a double-sided chart with simple, step-by-step instructions and an answer key for easy self-checking. The center even includes an activity guide, plus a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math	
	HH498	Problem Solving Instant Learning Center	Elementary P.95	Students get problem solving practice—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 4 reusable write & wipe activity mats, 4 write & wipe markers, 4 problem-solving wheels and a double-sided chart with simple, step-by-step instructions. The center even includes an activity guide, an answer key for easy self-checking, plus a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math	
	PP222	Pop to Win! Math Game - Gr. 2	Elementary P.96	Perfect for demonstrating understanding of math concepts, plus extra practice and review, our action-packed math game lets children develop essential skills as they play! This game features 75 questions based on key math standards, including adding and subtracting, solving word problems, counting money, telling time, identifying the attributes of shapes and more. Children just draw a card and solve the problem...then pop the popper to move around the game board! Game includes everything you need for 2-4 players; game board measures 13" x 13".	\$24.99	Grade 2	Mastering Basic Skills	Math	
	PP662	Pick-A-Problem Math Warm-Ups - Gr. 2	Elementary P.97	Just reach into the mystery box to pick a math problem—and target key math standards in just a few minutes each day! Great for daily warm-ups, extra practice, math centers and more, our set includes 100 question cards featuring fun-to-solve riddles, puzzles and word problems—all targeting second-grade standards for math. The set even includes a guide with an answer key for easy self-checking, plus a mystery box. Box measures 7 1/2" w x 7 1/2" d x 6 1/2" h.	\$29.99	Grade 2	Mastering Basic Skills	Math

	TT486	Length, Perimeter & Area Hands-On Measurement Center	Elementary P.110	Students gain an understanding of length, perimeter and area—with hands-on activities that cover customary and metric units! Our ready-to-use center has 10 different self-directing activity cards that are write & wipe and reproducible, plus all the tools to complete each activity—from using rulers to measure the lengths of different body parts to finding the size of real-life objects with measuring tape! You also get a freestanding reference chart...plus a guide with reproducibles and differentiated instruction strategies.	\$59.99	Grades 2-3	Measurement	Math	
	TT487	Capacity Hands-On Measurement Center	Elementary P.110	Students gain a concrete understanding of capacity—with hands-on activities that cover customary and metric units! Our ready-to-use center has 10 different self-directing activity cards that are write & wipe and reproducible, plus all the tools to complete each activity—including a measuring cup and funnel to measure out dry goods! You also get a freestanding reference chart...plus a guide with reproducibles and differentiated instruction strategies.	\$59.99	Grades 2-3	Measurement	Math	
	TT488	Weight Hands-On Measurement Center	Elementary P.110	Students gain a concrete understanding of weight—with hands-on activities that cover customary and metric units! Our ready-to-use center has 10 different self-directing activity cards that are write & wipe and reproducible, plus all the tools to complete each activity—including a platform scale and balance scale to determine the weight of classroom items! You also get a freestanding reference chart...plus a guide with reproducibles and differentiated instruction strategies.	\$59.99	Grades 2-3	Measurement	Math	
	PP767	Measurement Discovery Can - Gr. 2-3	Elementary P.92	Part of our Math in a Flash! series, our ready-to-use math can is overflowing with fun hands-on activities children complete on their own—providing targeted practice with a variety of measurement concepts! Inside, kids discover 25 self-checking question cards, plus all the manipulatives to solve each problem. Children simply grab a card and the corresponding manipulatives—then practice measuring objects with a tape measure, comparing lengths with a ruler and more! Can measures 6 1/2" tall.	\$19.99	Grades 2-3	Measurement & Data	Math	
	LM256	Money Grab & Play Game - Gr. 1-2	Elementary P.84	Our skill-building, easy-to-play game makes learning math fun—giving students the practice they need to master money! Kids simply spin the spinner to collect coins, exchanging smaller values for higher values—and the first player to reach a dollar wins! You get 4 money mats, 90 coins (pennies, nickels, dimes and quarters), a spinner and a divided tray. For 2-4 players. Money mats measure 6" x 7".	\$19.99	Grades 1-2	Money	Math

	LM255	Time Grab & Play Game - Gr. 1-2	Elementary P.84	Our skill-building, easy-to-play game makes learning math fun—giving students the practice they need to master time! Kids simply show various times on their clock boards, collecting tokens as they go—and the first player to collect 10 tokens wins! You get 4 clock boards, 40 problem cards, 40 tokens, a drawstring bag and an answer card. For 2-4 players. Clock boards measure 6 1/4" x 6 1/4".	\$19.99	Grades 1-2	Time & Measurement	Math	
	PP944	Time & Measurement Folder Game Library - Gr. 2-3	Elementary P.86	Students boost their math skills independently...with fun folder games they'll love to play! Our library features 10 different games that target key math standards—including telling time, creating graphs, comparing lengths and more—so children get the practice they need to really master time and measurement skills. Students just grab a color-coded folder and a corresponding pouch filled with pre-cut and sorted game pieces, then follow the step-by-step instructions to build skills at their own pace! Each folder comes with an answer card for easy self-checking, plus a bonus activity to reinforce skills even further. Folders measure 9 1/4" x 11 5/8".	\$39.99	Grades 2-3	Time & Measurement	Math	
	PP763	Time Discovery Can - Gr. 2-3	Elementary P.92	Part of our Math in a Flash! series, our ready-to-use math can is overflowing with fun hands-on activities children complete on their own—providing targeted practice with a variety of time concepts! Inside, kids discover 25 self-checking question cards, plus all the manipulatives to solve each problem. Children simply grab a card and the corresponding manipulatives—then practice telling time on analog and digital clocks, showing time on a number line and more! Can measures 6 1/2" tall.	\$19.99	Grades 2-3	Time & Measurement	Math	
	PP632	Grab & Match Leveled Time & Measurement Quickies - Gr. 2-3	Elementary P.95	Our quick, easy-to-play card games boost time and measurement skills—with every match! The set features 15 games that gradually progress in difficulty, each with 16 game cards in a storage pouch. Children just grab a pouch, then work on their own to match analog and digital clocks to their word forms, measure lengths and more! You get a total of 240 game cards and an activity guide with an answer key. Box measures 10 1/2".	\$39.99	Grades 2-3	Time & Measurement	Math

Science - Second Grade									
	LM272	Meet the Standards Landforms & Erosion Kit - Gr. 2	Elementary P.126	Designed to support specific learning objectives of the Next Generation Science Standards* for second grade, this hands-on kit targets essential standards—from developing a model to represent landforms to identifying where water is found on Earth! The kit includes 4 double-sided, 8 1/2" x 11" Investigation cards that help students make inquiries and design investigations, 4 Connection cards that help relate findings to the real world, 8 photo cards, a flip book, a water map, landform and cup land molds, erosion control materials, a wind simulator squeeze bulb, 2 trays and a funnel. Plus, you get a detailed guide featuring full lesson plans, possible outcomes and more! Develops skills in: • Using information from several sources to provide evidence that Earth events can occur quickly or slowly • Comparing multiple solutions designed to slow or prevent wind or water from changing the shape of the land • Developing a model to represent the shapes and kinds of land and bodies of water in an area • Obtaining information to identify where water is found on Earth and that it can be solid or liquid *NGSS is a registered trademark of Achieve. Neither Achieve nor the lead states and partners that developed the Next Generation Science Standards were involved in the production of this product and do not endorse it.	\$49.99	Grade 2	Scientific Inquiry	Science	
	LM271	Meet the Standards Matter Kit - Gr. 2	Elementary P.126	Designed to support specific learning objectives of the Next Generation Science Standards* for second grade, this hands-on kit targets essential standards—from describing and classifying matter to assessing material properties! The kit includes 4 double-sided, 8 1/2" x 11" Investigation cards that help students make inquiries and design investigations, 4 Connection cards that help relate findings to the real world, a bounce test tower, a classification card, 10 classifying materials, 16 building blocks and 6 bars of oven-bake clay. Plus, you get a detailed guide featuring full lesson plans, possible outcomes and more! Develops skills in: • Planning and conducting an investigation to describe and classify different kinds of materials by their observable properties • Analyzing data obtained from testing different materials to determine which materials have the properties that are best suited for an intended purpose • Making observations to construct an evidence-based account of how an object made of a small set of pieces can be disassembled and made into a new object • Constructing an argument with evidence that some changes caused by heating or cooling can be reversed and some cannot *NGSS is a registered trademark of Achieve. Neither Achieve nor the lead states and partners that developed the Next Generation Science Standards were involved in the production of this product and do not endorse it. ⚠️ WARNING: CHOKING HAZARD - Item contains small balls and marbles. Not for children under 3 yrs.	\$49.99	Grade 2	Scientific Inquiry	Science	
	LM273	Meet the Standards Seeds & Plants Kit - Gr. 2	Elementary P.126	Designed to support specific learning objectives of the Next Generation Science Standards* for second grade, this hands-on kit targets essential standards—from determining what plants need to survive to modeling how an animal assists with seed dispersal! The kit includes 4 double-sided, 8 1/2" x 11" Investigation cards that help students make inquiries and design investigations, 4 Connection cards that help relate findings to the real world, 3 planter cups, 2 dark boxes, a hook & loop bear, 10 hook & loop seeds, a monkey digestion box, 6 fruit/seed cards and a habitats flip book. Plus, you get a detailed guide featuring full lesson plans, possible outcomes and more! Develops skills in: • Planning and conducting an investigation to determine if plants need sunlight and water • Developing a simple model that mimics an animal's role in seed dispersal or plant pollination • Making observations of plants and animals to compare the diversity of life in different habitats • Using sketches, drawings or physical models to convey designs and communicate ideas for a problem's solution *NGSS is a registered trademark of Achieve. Neither Achieve nor the lead states and partners that developed the Next Generation Science Standards were involved in the production of this product and do not endorse it.	\$49.99	Grade 2	Scientific Inquiry	Science

	DS102	Daily Science Reproducible Activities - Gr. 2	Elementary P.128	Introduce standards-based science lessons in your classroom—every day of the school year! Our engaging book has daily 10- to 15-minute activities that teach second graders life, earth and physical science concepts with reproducibles, hands-on experiments and more! Book is 192 pages.	\$29.99	Grade 2	Scientific Inquiry	Science	
	EE803	Can Do! Solar System Game - Gr. 2-4	Elementary P.128	Kids learn about everything from planets, stars and moons to asteroids, comets and meteors—as they race to answer skill-building science questions! Our fun-filled game canister has a spinner built right into the lid...and comes with everything children need to play—including themed game tokens and 60 self-checking question cards written in standardized test format. Players just spin to answer each fascinating science question...and collect game tokens for each correct answer!	\$19.99	Grades 2-4	Scientific Inquiry	Science	
	EE801	Can Do! Human Body Game - Gr. 2-4	Elementary P.128	Kids learn all about the human body—as they race to answer skill-building science questions! Our fun-filled game canister has a spinner built right into the lid...and comes with everything children need to play—including themed game tokens and 60 self-checking question cards written in standardized test format. Players just spin to answer each fascinating science question...and collect game tokens for each correct answer!	\$19.99	Grades 2-4	Scientific Inquiry	Science	
	EE804	Can Do! Earth Game - Gr. 2-4	Elementary P.128	Kids learn about everything from rocks and minerals to weather and landforms—as they race to answer skill-building science questions! Our fun-filled game canister has a spinner built right into the lid...and comes with everything children need to play—including themed game tokens and 60 self-checking question cards written in standardized test format. Players just spin to answer each fascinating science question...and collect game tokens for each correct answer!	\$19.99	Grades 2-4	Scientific Inquiry	Science	
	EE806	Can Do! Force & Motion Game - Gr. 2-4	Elementary P.128	Kids learn all about force and motion—as they race to answer skill-building science questions! Our fun-filled game canister has a spinner built right into the lid...and comes with everything children need to play—including themed game tokens and 60 self-checking question cards written in standardized test format. Players just spin to answer each fascinating science question...and collect game tokens for each correct answer!	\$19.99	Grades 2-4	Scientific Inquiry	Science

	DD525	Animals Vocabulary Development Photo Card Library	Elementary P.54	Help children build their English vocabulary one word at a time—with full-color cards that make it easy to integrate students' native languages! Perfect alone or for expanding on an animal theme, our library has 50 cards with a photo on front...and the word on back in English and 13 other languages—from Spanish to Vietnamese. Plus, the cards have phonetic pronunciations, so anyone can use them! Cards measure 4 1/2" x 5 3/4".	\$21.99	Grades K-3	Spanish and EL	English Language Arts	
	FF358	The Writing Process Student Folder	Elementary P.67	This handy folder guides students step-by-step through the writing process—with fold-out pockets that store everything from the initial story map to the final draft! Plus, each side of the folder is jam-packed with information to help students along the way, including topic ideas, an editing checklist and more. Students just follow the simple steps on each of the 4 inside pockets...and produce a polished piece every time! Folder measures 9 1/2" x 12".	\$2.59	Grades 2-6	Writing	English Language Arts	
	AA997	Build-A-Story Flip Book	Elementary P.66	Our easy-to-use flip book gives children a fun, hands-on way to create their own stories! It features cute, illustrated cards for each essential story element—including characters, settings, events and conclusions. Kids just flip through the cards to choose the elements for their story...then fill in the details on their own! Spiral-bound book includes 20 flip cards for each story element. Book measures 4 3/4" x 8 3/4".	\$16.99	Grades 1-3	Writing	English Language Arts	
	FF236	Sequence & Write Story Tiles	Elementary P.66	Our fun-to-sequence story tiles are specially designed to get kids writing creatively—as they describe the setting and characters, explain the story's plot, and more! The set includes 10 sequencing mats and 10 different sets of illustrated story tiles. Children place the tiles in order on their mat, then use the pictures to write their own story step-by-step! There are even key words on the back of each tile to get kids started. You get a total of 60 tiles; mats measure 4 1/2" x 16 1/2".	\$29.99	Grades 1-3	Writing	English Language Arts	
	LL843	Nonfiction Sequence & Write Tiles	Elementary P.66	Students learn to instruct, inform and persuade through writing—with nonfiction tiles that guide young writers through the process! Children simply sequence the beautifully photographed tiles right on the mat—then use the pictures to help them write a nonfiction passage with a clear beginning, middle and end. Each tile even has a word bank on back to help children get started! Includes 10 sequencing mats and 10 corresponding sets of tiles. With 50 tiles in all; mats measure 5 1/2" x 14".	\$29.99	Grades 1-3	Writing	English Language Arts

	GG139	Build-A-Paragraph Flip Book	Elementary P.67	Our flip book gives children all the elements they need to write complete paragraphs one step at a time! It features 72 flip cards that let kids choose their own topics...select 3 detail words to write supporting sentences...then choose preprinted conclusions to make their paragraphs complete! Book measures 5" x 8 1/2".	\$16.99	Grades 2-3	Writing	English Language Arts	
	EE118	Grab & Write Social-Emotional Prompts - Gr. 3-5	Elementary P.67	Strengthen social-emotional learning in the classroom with our engaging prompt cards! Great for daily writing or group conversations, the cards cover topics such as friendship & teamwork, self-control and more. Simply pick a card from the mystery box for the class to write about or discuss—or let students choose and respond on their own. Set includes 100 prompt cards and a mystery box. Box measures 7 1/2"w x 7 1/2"d x 6 1/2"h.	\$29.99	Grades 3-5	Writing	English Language Arts	
	PP568	Ready to Write! Prompt Box - Gr. 2-3	Elementary P.68	Our prompt box is a fantastic way to strengthen young writers' skills...with focused practice in 3 different writing styles! The set includes 100 prompt cards that cover narrative, informative/explanatory and opinion/argument writing—perfect for independent use, small groups and writing centers! The cards feature step-by-step instructions and easy-to-follow writing prompts, so kids can complete the writing activities on their own and get experience with everything from the pre-writing process and gathering ideas to grouping related information into paragraphs. Set comes in a storage box with tabbed dividers, and includes a wooden display stand and a rubric for evaluating student work. Cards measure 8" x 8".	\$49.99	Grades 2-3	Writing	English Language Arts	
	GG274	Writing Prompts Journal - Gr. 3-4	Elementary P.70	Our journal has 29 engaging prompts that cover narrative, opinion/argument and informative writing—with helpful tips and checklists for self-editing, plus graphic organizers to get kids started. Journal measures 8" x 10 1/2" and is 60 pages. Pages have 3/8" ruling.	\$3.99	Grades 3-4	Writing	English Language Arts	
	DD957	Correct the Sentence! Daily Journal - Gr. 3-4	Elementary P.71	Reinforce punctuation, capitalization, grammar and understanding of sentence structure with skill-building activities for every day of the school year! Our journal has daily level-appropriate sentences that contain grammatical errors. Children just rewrite each sentence correctly—and build grammar skills day by day! Journal measures 7" x 8 1/2" and is 86 pages.	\$4.29	Grades 3-4	Writing	English Language Arts

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	GG993	Growth Mindset Daily Practice Journal - Gr. 3-5	Elementary P.71	Guide students toward becoming more flexible, confident learners—with 36 weekly reading passages and corresponding daily activities for the whole school year! Journal measures 8" x 10 1/2" and is 78 pages.	\$4.49	Grades 3-5	Writing	English Language Arts	
	GG121	Vocabulary Journal	Elementary P.71	Building vocabulary is easier than ever—with a handy journal that lets kids record, organize and use tons of new words! The journal has room for 120 vocabulary entries—with space for children to write definitions, synonyms and sample sentences for each word. There are even picture boxes for adding illustrations—a terrific way to remember each word's meaning! Journal measures 8" x 10 1/2" and is 60 pages.	\$3.99	Grades 1-6	Writing	English Language Arts	
Math - Third Grade									
	HH978	Building Fractions Activity Center	Elementary P.112	Give students a concrete understanding of how to build fractions—with a hands-on center that makes difficult concepts easy to grasp! Our center includes a tray with 250 labeled fraction pieces...plus 22 activity cards that prompt children to build a variety of fractions from halves to twelfths. Students simply combine fraction pieces to cover the shaded area of circles on the cards...then write corresponding fraction equations in the write & wipe space below. Children can even use the included answer key to check their work! Tray measures 11 1/2" x 12 1/8". Write & wipe markers sold separately.	\$49.99	Grades 3-4	Fractions	Math	
	GG458	Build & Learn Geometric Shapes Kit	Elementary P.107	As students piece together our easy-fitting sticks and connectors, they learn to build, identify and describe geometric shapes! The 12 activity cards guide children along as they build everything from a simple triangle to a rectangular prism...and practice identifying faces and edges, comparing shapes and more. Kit includes over 200 pieces; large sticks measure 4 1/4". <b>⚠ WARNING: CHOKING HAZARD - Item contains small ball. Not for children under 3 yrs.</b>	\$39.99	Grades 2-5	Geometry	Math	
	TT566	Build & Learn Area & Perimeter Kit	Elementary P.107	Kids solve area and perimeter problems...by building models that make these tough concepts easy to grasp! Our kit includes 240 colorful wooden tiles, plus 20 kid-friendly activity cards with helpful pictures, formulas and hints. We've even included a definition card—to help reinforce key vocabulary. Best of all, when kids are done solving a problem, they just flip the card over to check their own work! Tiles measure 1".	\$39.99	Grades 2-5	Geometry	Math

	TT567	Build & Learn Volume Kit	Elementary P.107	Kids find the volume of rectangular prisms and rectilinear figures—with durable manipulatives that provide tons of hands-on experience! Our kit comes with 160 wooden cubes—plus 20 kid-friendly activity cards. Simply set the kit in your math center and let kids select an activity card...then watch as they uncover volume concepts by building and deconstructing 3-D shapes. Best of all, kids just flip the cards over to check their own answers! Cubes measure 1".	\$39.99	Grades 2-5	Geometry	Math	
	LM331	Multiplication Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they master multiplication facts through 100! Players solve multiplication problems and use colored chips to mark the products on the game board—and the first player to mark three answers in a row (horizontally, vertically or diagonally) wins! Our ready-to-play game is easy to set up and includes a game board, 50 problem cards, 80 chips in 4 colors, a reference card and a drawstring bag. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM333	Adding & Subtracting Fractions Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they add and subtract fractions with like denominators! Kids draw game cards and solve problems—and if they answer correctly, they move forward on the game board. The first player to make it back to their start space wins! Our ready-to-play game is easy to set up and includes a game board, 50 game cards featuring three levels of difficulty, 4 pawns and an answer card. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM334	Comparing Fractions Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they compare fractions and identify equivalencies! Kids draw game cards and solve problems—and if they answer correctly, they move forward on the game board. The first player to reach FINISH wins! Our ready-to-play game is easy to set up and includes a game board, 60 problem cards covering halves through hundredths, 4 pawns and an answer card. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM335	Place Value Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they explore place value to the hundred thousands! For each round of play, students follow directions to build the highest six-digit number, the lowest six-digit number and more. The player with the most victories after four rounds is the winner! Our ready-to-play game is easy to set up and includes 4 game mats, 20 number building cards, 60 number tiles, 4 write & wipe markers and a drawstring bag. For 2-4 players. Game mats measure 6" x 7".	\$19.99	Grades 3-4	Mastering Basic Skills	Math

	LM336	Geometric Measurement Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they explore measurement in this fun memory match game! As students turn over measurement problem cards and the matching answers, they build their understanding of angles, perimeter and area. For each match, kids place a chip on the game board—and the player with the most chips at the end of the game wins! Our ready-to-play game is easy to set up and includes a game board, 3 boxes of 20 memory match cards (60 cards total), 40 chips in four colors, 3 answer cards and a drawstring bag. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM332	Division Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they master division facts within 100! Players place dividends, divisors and quotients on the game board to build and solve division problems—and the first player to use all their tiles wins! Our ready-to-play game is easy to set up and includes a game board, 80 game tiles, 4 tile stands and a reference card. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	FF900X	Math Equivalency Puzzles - Complete Set	Elementary P.84	As students fit together our equivalency puzzles, they practice expressing everything from time and money to operations and fractions...in 4 different ways! Each self-correcting puzzle has 4 simple pieces—students choose a large puzzle piece that represents a specific value...then connect 3 corresponding pieces that express the same value! Each set comes with 12 puzzles and an activity guide. Complete set includes all 5 sets shown, for a total of 60 puzzles. Puzzles measure 5" x 6". Each set also available separately.	\$59.99	Grades 1-3	Mastering Basic Skills	Math	
	EE113	Number Talk Daily Activity Center - Gr. 3	Elementary P.85	Just grab one of our ready-to-use problem cards—and get third graders talking about number concepts! Our activity center includes 120 cards divided into 3 categories, encouraging students to <i>model</i> math concepts, <i>explain</i> their reasoning and <i>critique</i> the reasoning of others. Simply use the front of each card to introduce a daily problem, then enrich your discussion using the follow-up questions on back. As students think about and discuss each problem, they'll sharpen problem-solving skills and strengthen mathematical reasoning! Center includes 3 storage cups to keep cards organized—all in a 10 1/2" display tray.	\$29.99	Grade 3	Mastering Basic Skills	Math	
	EE943	Daily Math Practice Journal - Gr. 3	Elementary P.85	Refine kids' math skills each day of the school year...with challenging activities that target important math standards in operations, algebraic thinking, measurement & data, and more! Our journal features 35 weeks of problems that cover key math standards in third grade...and focus on building conceptual understanding and procedural skills. We've even included an answer key for easy self-checking. The journal is 82 pages.	\$4.49	Grade 3	Mastering Basic Skills	Math

	HH496	Algebraic Thinking Instant Learning Center	Elementary P.95	Students become algebraic thinkers—with an independent learning center that builds skills at just the right pace! Our ready-to-use center comes with everything you need for up to 4 students to work at once, including 4 ten-frames mats, 4 reusable write & wipe activity mats, 4 drawstring bags with 100 counters and a double-sided chart with simple, step-by-step instructions. The center even includes an activity guide, an answer key for easy self-checking, plus a reproducible write & wipe assessment card to track students' work!	\$34.99	Grades 2-3	Mastering Basic Skills	Math	
	PP631	Grab & Match Leveled Money Quickies - Gr. 2-3	Elementary P.95	Our quick, easy-to-play card games boost money skills—with every match! The set features 15 games that gradually progress in difficulty, each with 16 game cards in a storage pouch. Children just grab a pouch, then work on their own to solve word problems, match coins and money values and more! You get a total of 240 game cards and an activity guide with an answer key. Box measures 10 1/2".	\$39.99	Grades 2-3	Mastering Basic Skills	Math	
	PP634	Grab & Match Leveled Place Value Quickies - Gr. 2-3	Elementary P.95	Our quick, easy-to-play card games boost place value skills—with every match! The set features 15 games that gradually progress in difficulty, each with 16 game cards in a storage pouch. Children just grab a pouch, then work on their own to round and compare numbers, match numbers to quantities, identify the place value of each digit and more! You get a total of 240 game cards and an activity guide with an answer key. Box measures 10 1/2".	\$39.99	Grades 2-3	Mastering Basic Skills	Math	
	PP636	Grab & Match Leveled Geometry & Geometric Measurement Quickies - Gr. 2-3	Elementary P.95	Our quick, easy-to-play card games boost geometry and measurement skills—with every match! The set features 15 games that gradually progress in difficulty, each with 16 game cards in a storage pouch. Children just grab a pouch, then work on their own to identify shapes, solve word problems and more! You get a total of 240 game cards and an activity guide with an answer key. Box measures 10 1/2".	\$39.99	Grades 2-3	Mastering Basic Skills	Math	
	PP635	Grab & Match Leveled Operations Quickies - Gr. 2-3	Elementary P.95	Our quick, easy-to-play card games boost operations skills—with every match! The set features 15 games that gradually progress in difficulty, each with 16 game cards in a storage pouch. Children just grab a pouch, then work on their own to solve addition and subtraction problems, multiplication and division problems, and more! You get a total of 240 game cards and an activity guide with an answer key. Box measures 10 1/2".	\$39.99	Grades 2-3	Mastering Basic Skills	Math

	PP633	Grab & Match Levelled Fractions Quickies - Gr. 2-3	Elementary P.95	Our quick, easy-to-play card games boost fraction skills—with every match! The set features 15 games that gradually progress in difficulty, each with 16 game cards in a storage pouch. Children just grab a pouch, then work on their own to match fractions and visual representations, identify fractions in word and number form, and more! You get a total of 240 game cards and an activity guide with an answer key. Box measures 10 1/2".	\$39.99	Grades 2-3	Mastering Basic Skills	Math	
	PP632	Grab & Match Levelled Time & Measurement Quickies - Gr. 2-3	Elementary P.95	Our quick, easy-to-play card games boost time and measurement skills—with every match! The set features 15 games that gradually progress in difficulty, each with 16 game cards in a storage pouch. Children just grab a pouch, then work on their own to match analog and digital clocks to their word forms, measure lengths and more! You get a total of 240 game cards and an activity guide with an answer key. Box measures 10 1/2".	\$39.99	Grades 2-3	Mastering Basic Skills	Math	
	PP223	Pop to Win! Math Game - Gr. 3	Elementary P.96	Perfect for demonstrating understanding of math concepts, plus extra practice and review, our action-packed math game lets children develop essential skills as they play! This game features 75 questions based on key math standards, including plotting fractions on a number line, rounding, calculating perimeters, solving word problems, telling time and more. Children just draw a card and solve the problem...then pop the popper to move around the game board! Game includes everything you need for 2-4 players; game board measures 13" x 13".	\$24.99	Grade 3	Mastering Basic Skills	Math	
	PP663	Pick-A-Problem Math Warm-Ups - Gr. 3	Elementary P.97	Just reach into the mystery box to pick a math problem—and target key math standards in just a few minutes each day! Great for daily warm-ups, extra practice, math centers and more, our set includes 100 question cards featuring fun-to-solve riddles, puzzles and word problems—all targeting third-grade standards for math. The set even includes a guide with an answer key for easy self-checking, plus a mystery box. Box measures 7 1/2"w x 7 1/2"d x 6 1/2"h.	\$29.99	Grade 3	Mastering Basic Skills	Math	
	TT486	Length, Perimeter & Area Hands-On Measurement Center	Elementary P.110	Students gain an understanding of length, perimeter and area—with hands-on activities that cover customary and metric units! Our ready-to-use center has 10 different self-directing activity cards that are write & wipe and reproducible, plus all the tools to complete each activity—from using rulers to measure the lengths of different body parts to finding the size of real-life objects with measuring tape! You also get a freestanding reference chart...plus a guide with reproducibles and differentiated instruction strategies.	\$59.99	Grades 2-3	Measurement	Math

	TT487	Capacity Hands-On Measurement Center	Elementary P.110	Students gain a concrete understanding of capacity—with hands-on activities that cover customary and metric units! Our ready-to-use center has 10 different self-directing activity cards that are write & wipe and reproducible, plus all the tools to complete each activity—including a measuring cup and funnel to measure out dry goods! You also get a freestanding reference chart...plus a guide with reproducibles and differentiated instruction strategies.	\$59.99	Grades 2-3	Measurement	Math	
	TT488	Weight Hands-On Measurement Center	Elementary P.110	Students gain a concrete understanding of weight—with hands-on activities that cover customary and metric units! Our ready-to-use center has 10 different self-directing activity cards that are write & wipe and reproducible, plus all the tools to complete each activity—including a platform scale and balance scale to determine the weight of classroom items! You also get a freestanding reference chart...plus a guide with reproducibles and differentiated instruction strategies.	\$59.99	Grades 2-3	Measurement	Math	
	LC165	Place Value Activity Kit	Elementary P.100	Our kit lets kids use colorful plastic place value blocks to visually represent ones, tens, hundreds and thousands—even build and solve equations! Kit comes with 2 write & wipe mats, 100 unit cubes, ten 10-unit rods, ten 100-unit flats and one 1,000-unit cube, plus 2 write & wipe markers.	\$34.99	Grades 1-3	Number & Operations in Base 10	Math	
	FF294	Hands-On Division Regrouping Kit	Elementary P.101	Children master division skills...with a fun-to-use regrouping kit that makes complicated math problems easy to solve! Our kit includes a regrouping tray with 85 place value tiles representing ones, tens, hundreds and thousands—plus 40 self-checking problem cards that feature two-, three- and four-digit numbers. Children simply place a problem card onto the tray, then count out place value coins to solve the problem. We've even included a handy write & wipe card that lets children record their work. Plastic tray measures 8 5/8" x 14 1/4".	\$39.99	Grades 2-5	Number & Operations in Base 10	Math	
	FF297	Hands-On Addition Regrouping Kit	Elementary P.101	Children master addition skills...with a fun-to-use regrouping kit that makes complicated math problems easy to solve! Our kit includes a regrouping tray with 75 place value tiles representing ones, tens and hundreds, plus 40 self-checking problem cards that feature two- and three-digit numbers. Children simply place a problem card onto the tray, count out place value tiles to visually represent each number in the equation—then just regroup the tiles to work out the answer. We've even included a handy write & wipe card that lets children record their work. Plastic tray measures 8 5/8" x 14 1/4".	\$34.99	Grades 2-5	Number & Operations in Base 10	Math

	LC166	Hands-On Multiplication & Division Kit	Elementary P.105	It's easy to solve complex multiplication and division problems...with this hands-on approach! Our kit includes a work tray, place value blocks and self-checking problem cards. Kids simply place a card in the handy well at the top of the tray and create an area model using the ones, tens and hundreds blocks—making it a breeze to visualize each problem and solve it. Each problem card shows the answer on back...so kids can check their own work as they go. Kit includes 60 ones cubes, 30 tens rods and 4 hundreds flats, plus 40 problem cards, a plastic tray and a guide. Tray measures 11".	\$39.99	Grades 3-4	Operations	Math	
Science - Third Grade									
	LM274	Meet the Standards Force & Motion Kit - Gr. 3	Elementary P.126	Get students thinking like scientists as they master key Next Generation Science Standards* for third grade—observing an object's movement patterns to predict future motion, asking questions to determine cause-and-effect relationships of magnetic interactions, and more! The kit includes 4 double-sided, 8 1/2" x 11" Investigation cards that help students make inquiries and design investigations, 4 Connection cards for relating findings to the real world, a cart and cart launcher, measuring tape, 2 bar magnets, 4 circle magnets and a circle magnet stand, a magnetic force distance detector, a magnet wand, 3 metal rings, a drainpipe model, a pendulum measurement card, and a pendulum with a weight and stand. You also get a comprehensive guide with lesson plans, safety tips and more! Develops skills in: • Planning and conducting an investigation to provide evidence of the effects of balanced and unbalanced forces on the motion of an object • Making observations and/or measurements of an object's motion to provide evidence that a pattern can be used to predict future motion • Asking questions to determine cause-and-effect relationships of magnetic interactions between two objects not in contact with each other • Defining a simple design problem that can be solved by applying scientific ideas about magnets *NGSS is a registered trademark of Achieve. Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP527	Force & Motion Activity Lab	Elementary P.129	Students develop a concrete understanding of gravity, energy, friction and more...as they experiment with forces & learn how they affect motion! Children just follow simple instructions to complete 7 hands-on experiments—from creating pendulums and experimenting with friction to measuring pull forces and building inclined planes! You get 53 experiment pieces, including pulleys, spring scales, ramps, launchers and more.	\$79.99	Grades 3-5	Scientific Inquiry	Science	
	PP226	Simple Machines Activity Lab	Elementary P.129	Students discover how simple machines make work easier...as they build realistic models and perform hands-on experiments! Our lab includes high-quality, extra-durable beechwood components, plus 7 hands-on experiment cards that walk students through how to build and use a pulley, an inclined plane, a wheel and axle, and more. The cards even include information on back that explains each machine and how it's used in the real world! Lab comes complete with 39 experiment pieces.	\$79.99	Grades 3-5	Scientific Inquiry	Science	
	PP528	Magnet Activity Lab	Elementary P.129	Our ready-to-use lab has everything students need to explore magnetism—hands on! You get 7 easy-to-follow experiment cards with skill-building investigations on front and scientific information on back...plus all the materials students need for unlimited exploration and discovery—including bar magnets, compasses, electromagnets and more. Lab comes with 50 experiment pieces. Requires 4 “AA” batteries (not included).	\$69.99	Grades 3-5	Scientific Inquiry	Science	
	PP529	Electricity Activity Lab	Elementary P.129	Our classroom-safe lab makes electricity concepts easy to grasp—with hands-on experiments and ready-to-use tools! The 29 pieces come with 7 cards featuring step-by-step experiments, from testing for conductors to creating a simple switched circuit. Plus, the back of each card has background information on the scientific concept covered by the experiment—so children learn important facts as they work! Requires 4 “D” batteries (not included).	\$69.99	Grades 3-5	Scientific Inquiry	Science	
	FF982	Rocks & Soil Activity Tub - Gr. 1-3	Elementary P.133	From exciting experiments to high-interest writing projects, our activity tub has everything students need to investigate rocks and soil in depth! The tub includes 40 cards with engaging, standards-based activities covering 5 different curriculum areas: math, language, science, social studies, and arts & crafts. Plus, you get tons of ready-to-use materials for exploring concepts in a super-involving way, including 15 rock samples for students to examine, a magnifier, sieve and scale...plus write & wipe experiment posters, vocabulary cards, writing prompts and more! Tub includes a guide with differentiated instruction strategies.	\$69.99	Grades 1-3	Scientific Inquiry	Science

STEM - Third Grade									
	LC991	Maker Space Project Cards	Elementary P.115	With our unique STEM cards, students can build, test and modify everything from robots and circuits to bridges and structures! The double-sided, 7" x 8" cards feature open-ended projects that can be built using materials from our fully loaded <i>Maker Space Mobile Project Cart</i> and common classroom items. You get 55 cards organized into 3 levels of difficulty across 4 categories, plus a 60-page teacher's guide with examples of completed builds. Cards come in a handy storage box with dividers.	\$39.99	Grades 2-5	Critical Thinking/Problem-Solving	STEM	
	TT761	Learn to Code File Folder Games - Gr. 2-3	Elementary P.115	These ready-to-use folder games help students master early coding skills! Children just follow the simple 3-step instructions to code a path from start to finish on 10 colorful, engaging folders—developing computational thinking and problem-solving skills as they create repeated commands! Perfect for learning centers or independent practice, this grade-appropriate set includes 10 different activity folders at 3 levels of difficulty, each with precut and sorted game tiles, a pawn and a handy storage pouch. Games include an activity guide; folders measure 17 1/2" wide when open.	\$39.99	Grades 2-3	Critical Thinking/Problem-Solving	STEM	
	PP738	Power Tiles Circuit Kit - Starter Set	Elementary P.115	Introduce 21st-century skills like electronics and robotics—as students design and build with our action-filled circuits! Interchangeable circuit tiles snap together in every direction for endless exploration, and a variety of tiles let children experiment with light, sound, motion and more. Follow our guide to build 2-D and 3-D circuits—from a night-light to a beeping alarm—or let kids design their own creations! Set comes with 15 tiles; each measures 3" x 3". Detailed guide features easy-to-follow instructions for 8 challenge activities. Requires one 9-volt battery (not included).	\$99.50	Grades 1-5	Critical Thinking/Problem-Solving	STEM

Third Grade									
Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP129	John Henry Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of John Henry—then build a working conveyor belt to help him race a steam-powered drill! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a conveyor belt that really hauls rocks...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 102 pieces to build a conveyor belt, 10 rocks, a crate, a 16 1/2" mountain facade and a ruler.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP128	Johnny Appleseed Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of Johnny Appleseed—then design a fence shaped to hold the most apple trees! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a sturdy log fence...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 30 apple trees, 20 logs, two 16" double-sided landscape mats and a ruler.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP127	Paul Bunyan Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of Paul Bunyan—then design a wagon to carry his heavy knapsack! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a working wagon...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 52 pieces to build a wagon, a 2-pound, 4 1/2" weighted knapsack, rubber bands and a tape measure.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP848	Create-A-Chain Reaction STEM Kit - Gr. 3-5 - Starter Set	Elementary P.123	Students learn firsthand how STEM concepts such as gravity, force and momentum can create a chain reaction! Our kid-pleasing set challenges third- through fifth-grade students to build a variety of chain reaction courses—and comes complete with everything kids need to build from scratch, including switches, seesaws, hammers and more. Students simply grab a challenge card...design and build each of the pictured components with help from the "how-to" book...then set up their course. With a drop of the ball onto the tracks, kids will find out whether their course works—fine-tuning the distance and angle of the pieces until the ball reaches the goal box. Perfect for building 21st-century skills like perseverance and STEM problem solving, our set even lets students create their very own chain reaction courses—for unlimited building possibilities! Set includes 59 tough plastic builders, 4 balls, 4 cords, 8 challenge cards, a "how-to" book and a guide. The largest piece measures 12" in length.	\$49.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP438	Hydraulics Engineering STEM Kit	Elementary P.124	Kids explore the mechanical power of liquid in motion—as they build their own hydraulic machines! Our kit includes 4 step-by-step activity booklets and all the reusable building pieces kids need to create 4 different hydraulic machines—from a working drawbridge to a crane that really lifts objects. Plus, we've included syringes and tubes kids fill with water and connect to each machine—learning how to convert energy as they set each machine in motion! The kit includes 4 activity booklets, a hydraulics information card, 126 sturdy plastic building and testing pieces, and a guide. Longest building piece measures 6 1/2".	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM

	GG458	Build & Learn Geometric Shapes Kit	Elementary P.107	As students piece together our easy-fitting sticks and connectors, they learn to build, identify and describe geometric shapes! The 12 activity cards guide children along as they build everything from a simple triangle to a rectangular prism...and practice identifying faces and edges, comparing shapes and more. Kit includes over 200 pieces; large sticks measure 4 1/4". <b>⚠ WARNING: CHOKING HAZARD - Item contains small ball. Not for children under 3 yrs.</b>	\$39.99	Grades 2-5	Geometry	Math	
	TT566	Build & Learn Area & Perimeter Kit	Elementary P.107	Kids solve area and perimeter problems...by building models that make these tough concepts easy to grasp! Our kit includes 240 colorful wooden tiles, plus 20 kid-friendly activity cards with helpful pictures, formulas and hints. We've even included a definition card—to help reinforce key vocabulary. Best of all, when kids are done solving a problem, they just flip the card over to check their own work! Tiles measure 1".	\$39.99	Grades 2-5	Geometry	Math	
	TT567	Build & Learn Volume Kit	Elementary P.107	Kids find the volume of rectangular prisms and rectilinear figures—with durable manipulatives that provide tons of hands-on experience! Our kit comes with 160 wooden cubes—plus 20 kid-friendly activity cards. Simply set the kit in your math center and let kids select an activity card...then watch as they uncover volume concepts by building and deconstructing 3-D shapes. Best of all, kids just flip the cards over to check their own answers! Cubes measure 1".	\$39.99	Grades 2-5	Geometry	Math	
	LM331	Multiplication Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they master multiplication facts through 100! Players solve multiplication problems and use colored chips to mark the products on the game board—and the first player to mark three answers in a row (horizontally, vertically or diagonally) wins! Our ready-to-play game is easy to set up and includes a game board, 50 problem cards, 80 chips in 4 colors, a reference card and a drawstring bag. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM333	Adding & Subtracting Fractions Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they add and subtract fractions with like denominators! Kids draw game cards and solve problems—and if they answer correctly, they move forward on the game board. The first player to make it back to their start space wins! Our ready-to-play game is easy to set up and includes a game board, 50 game cards featuring three levels of difficulty, 4 pawns and an answer card. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math

	LM334	Comparing Fractions Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they compare fractions and identify equivalencies! Kids draw game cards and solve problems—and if they answer correctly, they move forward on the game board. The first player to reach FINISH wins! Our ready-to-play game is easy to set up and includes a game board, 60 problem cards covering halves through hundredths, 4 pawns and an answer card. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM335	Place Value Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they explore place value to the hundred thousands! For each round of play, students follow directions to build the highest six-digit number, the lowest six-digit number and more. The player with the most victories after four rounds is the winner! Our ready-to-play game is easy to set up and includes 4 game mats, 20 number building cards, 60 number tiles, 4 write & wipe markers and a drawstring bag. For 2-4 players. Game mats measure 6" x 7".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM336	Geometric Measurement Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they explore measurement in this fun memory match game! As students turn over measurement problem cards and the matching answers, they build their understanding of angles, perimeter and area. For each match, kids place a chip on the game board—and the player with the most chips at the end of the game wins! Our ready-to-play game is easy to set up and includes a game board, 3 boxes of 20 memory match cards (60 cards total), 40 chips in four colors, 3 answer cards and a drawstring bag. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	LM332	Division Grab & Play Game - Gr. 3-4	Elementary P.84	Students get engaging math practice as they master division facts within 100! Players place dividends, divisors and quotients on the game board to build and solve division problems—and the first player to use all their tiles wins! Our ready-to-play game is easy to set up and includes a game board, 80 game tiles, 4 tile stands and a reference card. For 2-4 players. Game board measures 12" x 12".	\$19.99	Grades 3-4	Mastering Basic Skills	Math	
	EE114	Number Talk Daily Activity Center - Gr. 4	Elementary P.85	Just grab one of our ready-to-use problem cards—and get fourth graders talking about number concepts! Our activity center includes 120 cards divided into 3 categories, encouraging students to <i>model</i> math concepts, <i>explain</i> their reasoning and <i>critique</i> the reasoning of others. Simply use the front of each card to introduce a daily problem, then enrich your discussion using the follow-up questions on back. As students think about and discuss each problem, they'll sharpen problem-solving skills and strengthen mathematical reasoning! Center includes 3 storage cups to keep cards organized—all in a 10 1/2" display tray.	\$29.99	Grade 4	Mastering Basic Skills	Math

Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math
	PP417	Angles & Symmetry Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can targets essential skills such as drawing angles, measuring angles and exploring symmetrical shapes! Perfect for reinforcing key math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including a miniature protractor, symmetry cards and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math
	PP415	Measurement Conversion Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can targets essential skills such as converting units of measure and solving real-world measurement problems! Perfect for reinforcing key math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including a ruler, a measurement scale card, foam dice and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math
	PP412	Place Value Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can emphasizes key place value skills such as building numbers, rounding numbers up and more! Perfect for reinforcing math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including place value cards, a spinner, a rounding cube and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	EE991	Visualize It! Part-Whole Addition and Subtraction Cards	Elementary P.94	Designed to jump-start math fluency, our part-whole cards help kids visualize addition and subtraction problems! Each card features a kid-friendly bar model with a question mark representing the missing value. After children solve for the missing number, they simply flip the card over to check their answer! Perfect for small groups, math centers and independent practice, the set includes 100 double-sided cards in a sturdy box with tabbed dividers. Cards measure 4" x 6".	\$19.99	Grades K-5	Mastering Basic Skills	Math	
	EE992	Visualize It! Part-Whole Multiplication and Division Cards	Elementary P.94	Designed to jump-start math fluency, our part-whole cards help kids visualize multiplication and division problems! Each card features a kid-friendly bar model with a question mark representing the missing value. After children solve for the missing number, they simply flip the card over to check their answer! Perfect for small groups, math centers and independent practice, the set includes 100 double-sided cards in a sturdy box with tabbed dividers. Cards measure 4" x 6".	\$19.99	Grades K-5	Mastering Basic Skills	Math	
	EE993	Visualize It! Part-Whole Place Value Cards	Elementary P.94	Designed to jump-start math fluency, our part-whole cards help kids visualize place value problems! Each card features a kid-friendly bar model with a question mark representing the missing value. After children solve for the missing number, they simply flip the card over to check their answer! Perfect for small groups, math centers and independent practice, the set includes 100 double-sided cards in a sturdy box with tabbed dividers. Cards measure 4" x 6".	\$19.99	Grades K-5	Mastering Basic Skills	Math	
	EE994	Visualize It! Part-Whole Fractions Cards	Elementary P.94	Designed to jump-start math fluency, our part-whole cards help kids visualize fraction problems! Each card features a kid-friendly bar model with a question mark representing the missing value. After children solve for the missing number, they simply flip the card over to check their answer! Perfect for small groups, math centers and independent practice, the set includes 100 double-sided cards in a sturdy box with tabbed dividers. Cards measure 4" x 6".	\$19.99	Grades K-5	Mastering Basic Skills	Math	
	PP361	Grab & Match Levelled Operations Quickies - Gr. 4-5	Elementary P.95	Our card games encourage critical thinking, speed and accuracy—to help challenging math operations concepts become second nature for students! You get 15 different games that progress in difficulty to keep students focused and engaged as they match up multiplication and division problems with their solutions, solve word problems and more. Set includes 240 cards, plus an answer key, in a 10 1/2" box.	\$39.99	Grades 4-5	Mastering Basic Skills	Math

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP224	Pop to Win! Math Game - Gr. 4	Elementary P.96	Perfect for demonstrating understanding of math concepts, plus extra practice and review, our action-packed math game lets children develop essential skills as they play! This game features 75 questions based on key math standards, including solving word problems, rounding, multiplying and dividing, decomposing fractions, identifying angles and more. Children just draw a card and solve the problem...then pop the popper to move around the game board! Game includes everything you need for 2-4 players; game board measures 13" x 13".	\$24.99	Grade 4	Mastering Basic Skills	Math	
	PP664	Pick-A-Problem Math Warm-Ups - Gr. 4	Elementary P.97	Just reach into the mystery box to pick a math problem—and target key math standards in just a few minutes each day! Great for daily warm-ups, extra practice, math centers and more, our set includes 100 question cards featuring fun-to-solve riddles, puzzles and word problems—all targeting fourth-grade standards for math. The set even includes a guide with an answer key for easy self-checking, plus a mystery box. Box measures 7 1/2"w x 7 1/2"d x 6 1/2"h.	\$29.99	Grade 4	Mastering Basic Skills	Math	
	TT491	Angles Hands-On Measurement Center	Elementary P.111	Challenging measurement concepts are a breeze to understand when students get their hands on our activity-filled center! Great for self-directed learning, our center includes 10 write & wipe and reproducible activity cards, plus all the hands-on tools students need to complete each activity—from using a protractor to identify angles to using angle circles to solve word problems. Plus, the ready-to-use center includes a freestanding reference chart, as well as a teacher's guide with a reproducible assessment.	\$59.99	Grades 4-5	Measurement	Math	
	TT492	Volume Hands-On Measurement Center	Elementary P.111	Challenging measurement concepts are a breeze to understand when students get their hands on our activity-filled center! Great for self-directed learning, our center includes 10 write & wipe and reproducible activity cards, plus all the hands-on tools students need to complete each activity—from using cubes to build figures and determine volumes to using a ruler to find the missing measurement. Plus, the ready-to-use center includes a freestanding reference chart, as well as a teacher's guide with a reproducible assessment.	\$59.99	Grades 4-5	Measurement	Math	
	TT493	Conversions Hands-On Measurement Center	Elementary P.111	Challenging measurement concepts are a breeze to understand when students get their hands on our activity-filled center! Great for self-directed learning, our center includes 10 write & wipe and reproducible activity cards, plus all the hands-on tools students need to complete each activity—from using meter sticks for exploring the length of classroom items to using a platform scale to determine weight and mass. Plus, the ready-to-use center includes a freestanding reference chart, as well as a teacher's guide with a reproducible assessment.	\$59.99	Grades 4-5	Measurement	Math

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	TT326	Addition Facts Folder Game Library - K-Gr. 2	Elementary P.103	What better way to learn essential addition facts than with hands-on games that are super-fun to play! Our library focuses on addition facts and strategies for sums within 20, with 10 folder games that allow up to 10 students to play at once—with no prep work required. Children simply grab a folder and the color-coded pouch of game pieces...follow the illustrated 3-step instructions on the folder to play the game independently...then use the included answer card to check their own work and get all the reinforcement they need to master the math facts! Library includes 10 folder games; each folder measures 9 1/4" x 11 5/8". ⚠️ WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Grades K-5	Operations	Math	
	TT327	Subtraction Facts Folder Game Library - K-Gr. 2	Elementary P.103	What better way to learn essential subtraction facts than with hands-on games that are super-fun to play! Our library comes complete with 10 folder games, so up to 10 students can play at once and get plenty of practice subtracting numbers 0 through 10—with no prep work required. Children simply grab a folder and the color-coded pouch of game pieces...follow the illustrated 3-step instructions on the folder to play the game independently...then use the included answer card to check their own work and get all the reinforcement they need to master the math facts! Library includes 10 folder games; each folder measures 9 1/4" x 11 5/8". ⚠️ WARNING: CHOKING HAZARD - Item contains small parts. Not for children under 3 yrs.	\$39.99	Grades K-5	Operations	Math	
	TT328	Multiplication Facts Folder Game Library - Gr. 3-5	Elementary P.103	What better way to learn essential multiplication facts than with hands-on games that are super-fun to play! Our library comes complete with 10 folder games, so up to 10 students can play at once, learning to fluently multiply within 100 and mastering factors 1 through 10—with no prep work required. Children simply grab a folder and the color-coded pouch of game pieces...follow the illustrated 3-step instructions on the folder to play the game independently...then use the included answer card to check their own work and get all the reinforcement they need to master the math facts! Library includes 10 folder games; each folder measures 9 1/4" x 11 5/8".	\$39.99	Grades K-5	Operations	Math	
	TT329	Division Facts Folder Game Library - Gr. 3-5	Elementary P.103	What better way to learn essential division facts than with hands-on games that are super-fun to play! Our library focuses on dividing up to 100 and comes complete with 10 folder games, so up to 10 students can play at once, mastering divisors 1 through 10—with no prep work required. Children simply grab a folder and the color-coded pouch of game pieces...follow the illustrated 3-step instructions on the folder to play the game independently...then use the included answer card to check their own work and get all the reinforcement they need to master the math facts! Library includes 10 folder games; each folder measures 9 1/4" x 11 5/8".	\$39.99	Grades K-5	Operations	Math	
	LC166	Hands-On Multiplication & Division Kit	Elementary P.105	It's easy to solve complex multiplication and division problems...with this hands-on approach! Our kit includes a work tray, place value blocks and self-checking problem cards. Kids simply place a card in the handy well at the top of the tray and create an area model using the ones, tens and hundreds blocks—making it a breeze to visualize each problem and solve it. Each problem card shows the answer on back...so kids can check their own work as they go. Kit includes 60 ones cubes, 30 tens rods and 4 hundreds flats, plus 40 problem cards, a plastic tray and a guide. Tray measures 11".	\$39.99	Grades 3-4	Operations	Math

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP226	Simple Machines Activity Lab	Elementary P.129	Students discover how simple machines make work easier...as they build realistic models and perform hands-on experiments! Our lab includes high-quality, extra-durable beechwood components, plus 7 hands-on experiment cards that walk students through how to build and use a pulley, an inclined plane, a wheel and axle, and more. The cards even include information on back that explains each machine and how it's used in the real world! Lab comes complete with 39 experiment pieces.	\$79.99	Grades 3-5	Scientific Inquiry	Science	
	PP528	Magnet Activity Lab	Elementary P.129	Our ready-to-use lab has everything students need to explore magnetism—hands on! You get 7 easy-to-follow experiment cards with skill-building investigations on front and scientific information on back...plus all the materials students need for unlimited exploration and discovery—including bar magnets, compasses, electromagnets and more. Lab comes with 50 experiment pieces. Requires 4 “AA” batteries (not included).	\$69.99	Grades 3-5	Scientific Inquiry	Science	
	PP529	Electricity Activity Lab	Elementary P.129	Our classroom-safe lab makes electricity concepts easy to grasp—with hands-on experiments and ready-to-use tools! The 29 pieces come with 7 cards featuring step-by-step experiments, from testing for conductors to creating a simple switched circuit. Plus, the back of each card has background information on the scientific concept covered by the experiment—so children learn important facts as they work! Requires 4 “D” batteries (not included).	\$69.99	Grades 3-5	Scientific Inquiry	Science	
	DD351	Electricity Activity Tub - Gr. 4-6	Elementary P.135	Students build simple circuits, send messages in Morse code, make their own burglar alarms and more—with a ready-to-use kit that explores electricity hands on! Our all-in-one tub includes 8 different experiment cards with involving activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from light bulbs and a static electricity tube to a fun quiz card, vocabulary cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science	
	EE466	Electricity Book Library - Gr. 4-6	Elementary P.135	Students take a trip through an electrical circuit, explore the properties of magnets, learn how batteries work and more—with fascinating books that reinforce and expand on the themes presented in our <i>Electricity Activity Tub - Gr. 4-6</i> ! Our library features wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$43.50	Grades 4-6	Scientific Inquiry	Science

<b>STEM - Fourth Grade</b>									
	LC991	Maker Space Project Cards	Elementary P.115	With our unique STEM cards, students can build, test and modify everything from robots and circuits to bridges and structures! The double-sided, 7" x 8" cards feature open-ended projects that can be built using materials from our fully loaded <i>Maker Space Mobile Project Cart</i> and common classroom items. You get 55 cards organized into 3 levels of difficulty across 4 categories, plus a 60-page teacher's guide with examples of completed builds. Cards come in a handy storage box with dividers.	\$39.99	Grades 2-5	Critical Thinking/Problem-Solving	STEM	
	TT762	Learn to Code File Folder Games - Gr. 4-5	Elementary P.115	These ready-to-use folder games help students master early coding skills! Children just follow the simple 3-step instructions to code a path from start to finish on 10 colorful, engaging folders—developing computational thinking and problem-solving skills as they create the most efficient sequence of actions in their codes. Perfect for learning centers or independent practice, this grade-appropriate set includes 10 different activity folders at 3 levels of difficulty, each with precut and sorted game tiles, a pawn and a handy storage pouch. Games include an activity guide; folders measure 17 1/2" wide when open.	\$39.99	Grades 4-5	Critical Thinking/Problem-Solving	STEM	
	PP738	Power Tiles Circuit Kit - Starter Set	Elementary P.115	Introduce 21st-century skills like electronics and robotics—as students design and build with our action-filled circuits! Interchangeable circuit tiles snap together in every direction for endless exploration, and a variety of tiles let children experiment with light, sound, motion and more. Follow our guide to build 2-D and 3-D circuits—from a night-light to a beeping alarm—or let kids design their own creations! Set comes with 15 tiles; each measures 3" x 3". Detailed guide features easy-to-follow instructions for 8 challenge activities. Requires one 9-volt battery (not included).	\$99.50	Grades 1-5	Critical Thinking/Problem-Solving	STEM	
	PP129	John Henry Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of John Henry—then build a working conveyor belt to help him race a steam-powered drill! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a conveyor belt that really hauls rocks...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 102 pieces to build a conveyor belt, 10 rocks, a crate, a 16 1/2" mountain facade and a ruler.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP128	Johnny Appleseed Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of Johnny Appleseed—then design a fence shaped to hold the most apple trees! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a sturdy log fence...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 30 apple trees, 20 logs, two 16" double-sided landscape mats and a ruler.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM

	PP127	Paul Bunyan Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of Paul Bunyan—then design a wagon to carry his heavy knapsack! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a working wagon...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 52 pieces to build a wagon, a 2-pound, 4 1/2" weighted knapsack, rubber bands and a tape measure.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP848	Create-A-Chain Reaction STEM Kit - Gr. 3-5 - Starter Set	Elementary P.123	Students learn firsthand how STEM concepts such as gravity, force and momentum can create a chain reaction! Our kid-pleasing set challenges third- through fifth-grade students to build a variety of chain reaction courses—and comes complete with everything kids need to build from scratch, including switches, seesaws, hammers and more. Students simply grab a challenge card...design and build each of the pictured components with help from the "how-to" book...then set up their course. With a drop of the ball onto the tracks, kids will find out whether their course works—fine-tuning the distance and angle of the pieces until the ball reaches the goal box. Perfect for building 21st-century skills like perseverance and STEM problem solving, our set even lets students create their very own chain reaction courses—for unlimited building possibilities! Set includes 59 tough plastic builders, 4 balls, 4 cords, 8 challenge cards, a "how-to" book and a guide. The largest piece measures 12" in length.	\$49.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP438	Hydraulics Engineering STEM Kit	Elementary P.124	Kids explore the mechanical power of liquid in motion—as they build their own hydraulic machines! Our kit includes 4 step-by-step activity booklets and all the reusable building pieces kids need to create 4 different hydraulic machines—from a working drawbridge to a crane that really lifts objects. Plus, we've included syringes and tubes kids fill with water and connect to each machine—learning how to convert energy as they set each machine in motion! The kit includes 4 activity booklets, a hydraulics information card, 126 sturdy plastic building and testing pieces, and a guide. Longest building piece measures 6 1/2".	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	TT759	Building Brick STEM Challenge Kit - Gr. 3-5	Elementary P.125	Young engineers boost STEM skills as they complete one hands-on challenge after another—from constructing a spinning windmill to building a solvable maze! Students simply choose a challenge card, use the snap-together building pieces to engineer a solution...and then test their creation, revising and retesting until their design is successful. Our kit includes over 250 building pieces and 10 double-sided challenge cards with possible solutions on the back. Cards measure 8 1/2" wide.	\$49.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM

	TT566	Build & Learn Area & Perimeter Kit	Elementary P.107	Kids solve area and perimeter problems...by building models that make these tough concepts easy to grasp! Our kit includes 240 colorful wooden tiles, plus 20 kid-friendly activity cards with helpful pictures, formulas and hints. We've even included a definition card—to help reinforce key vocabulary. Best of all, when kids are done solving a problem, they just flip the card over to check their own work! Tiles measure 1".	\$39.99	Grades 2-5	Geometry	Math	
	TT567	Build & Learn Volume Kit	Elementary P.107	Kids find the volume of rectangular prisms and rectilinear figures—with durable manipulatives that provide tons of hands-on experience! Our kit comes with 160 wooden cubes—plus 20 kid-friendly activity cards. Simply set the kit in your math center and let kids select an activity card...then watch as they uncover volume concepts by building and deconstructing 3-D shapes. Best of all, kids just flip the cards over to check their own answers! Cubes measure 1".	\$39.99	Grades 2-5	Geometry	Math	
	EE115	Number Talk Daily Activity Center - Gr. 5	Elementary P.85	Just grab one of our ready-to-use problem cards—and get fifth graders talking about number concepts! Our activity center includes 120 cards divided into 3 categories, encouraging students to <i>model</i> math concepts, <i>explain</i> their reasoning and <i>critique</i> the reasoning of others. Simply use the front of each card to introduce a daily problem, then enrich your discussion using the follow-up questions on back. As students think about and discuss each problem, they'll sharpen problem-solving skills and strengthen mathematical reasoning! Center includes 3 storage cups to keep cards organized—all in a 10 1/2" display tray.	\$29.99	Grade 5	Mastering Basic Skills	Math	
	EE945	Daily Math Practice Journal - Gr. 5	Elementary P.85	Refine kids' math skills each day of the school year...with challenging activities that target important math standards in operations, algebraic thinking, fractions and more! Our journal features 35 weeks of problems that cover key math standards in fifth grade...and focus on building conceptual understanding and procedural skills. We've even included an answer key for easy self-checking. The journal is 78 pages.	\$4.49	Grade 5	Mastering Basic Skills	Math	
	HH334	Place Value Folder Game Library - Gr. 4-5	Elementary P.87	Students compare and sequence multi-digit numbers as they scale down a mountain, multiply by powers of 10 as they travel around the world and more—with super-engaging folder games that target critical math standards! Our library includes 10 different self-checking games designed for independent practice. Students just open a color-coded folder, then use the corresponding game pieces to solve the problems. Each folder comes with an answer card, plus a bonus activity that tests what students have learned. Folders measure 9 1/4" x 11 5/8".	\$39.99	Grades 4-5	Mastering Basic Skills	Math

	HH423	Operations & Algebraic Thinking Folder Game Library - Gr. 4-5	Elementary P.87	Children play soccer, miniature golf and more—solving operations and developing algebraic thinking skills as they go! Our library includes 10 different self-checking games designed for independent practice. Students just open a color-coded folder, then use the corresponding game pieces to solve 2- and 3-digit operations, division with remainders, mixed operations and more—in a super-involving way! Each folder comes with an answer card, plus a bonus activity that tests what students have learned. Folders measure 9 1/4" x 11 5/8".	\$39.99	Grades 4-5	Mastering Basic Skills	Math	
	HH337	Geometry & Measurement Folder Game Library - Gr. 4-5	Elementary P.87	Students search for treasure by solving measurement and time word problems, calculate conversions to snowboard down a mountain, define geometric terms in a fast-paced quiz show and more—with super-engaging folder games that target critical math standards! Our library includes 10 different self-checking games designed for independent practice. Students just open a color-coded folder, then use the corresponding game pieces to solve the problems. Each folder comes with an answer card, plus a bonus activity that tests what students have learned. Folders measure 9 1/4" x 11 5/8".	\$39.99	Grades 4-5	Mastering Basic Skills	Math	
	HH336	Fractions & Decimals Folder Game Library - Gr. 4-5	Elementary P.87	Students trek through the jungle as they multiply fractions, venture into space while dividing fractions by whole numbers, add fractions while playing a game of hoops and more—with super-engaging folder games that target critical math standards! Our library includes 10 different self-checking games designed for independent practice. Students just open a color-coded folder, then use the corresponding game pieces to solve the problems. Each folder comes with an answer card, plus a bonus activity that tests what students have learned. Folders measure 9 1/4" x 11 5/8".	\$39.99	Grades 4-5	Mastering Basic Skills	Math	
	LC774	Math Manipulative Toolbox - Gr. 4-5	Elementary P.89	Reinforce math concepts for grades 4-5 with our versatile toolbox! Packed with manipulatives that align to major standards, the toolbox provides lots of hands-on experience with everything from basic operations and working with decimals to multiplying fractions and measuring angles. Use the manipulatives to review key concepts with a small or large group of students...or encourage kids to practice building math skills on their own. You get a write & wipe area model mat, 50 double-sided fraction/decimal circles, 8 fraction array cards, 8 fraction array transparencies, 55 number tiles and a protractor! Plus, the sturdy plastic toolbox is designed to fit inside most student desks—so manipulatives are always within reach. Toolbox comes with an activity guide and measures 6" x 7 1/4".	\$21.99	Grades 4-5	Mastering Basic Skills	Math	
	LC620	Family Engagement Math Pack - Gr. 5	Elementary P.91	Keep kids learning at home with games that target key math skills...and engage the whole family in the learning process! Our pack includes easy-to-follow instructions in English and Spanish...plus materials for 15 different hands-on math games. Simply use our number line, expression cards and more to play—helping children practice everything from building equations to multiplying fractions. Plus, an in-depth activity book describes each game...and even explains how family engagement can boost student achievement at school. The pack includes 10 write & wipe game mats and a game board, plus playing cards, dice and more—all in a heavy-duty plastic pouch. Game board measures 12" x 12".	\$29.99	Grade 5	Mastering Basic Skills	Math

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP416	Volume Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can targets essential skills such as solving for volume using hands-on manipulatives! Perfect for reinforcing key math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including volume trays, unit cubes, a formula card and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math	
	PP414	Decimals Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can targets essential skills such as creating numbers with decimals, comparing decimals, and adding and subtracting decimals! Perfect for reinforcing key math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including decimal place value cards, foam dice, operation grids and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math	
	PP413	Fractions Discovery Can - Level 1 - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can emphasizes key fraction skills such as adding, comparing and decomposing fractions! Perfect for reinforcing math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including fraction pieces, a fraction number line and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math	
	PP411	Fractions Discovery Can - Level 2 - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can targets essential skills such as multiplying fractions, adding fractions with unlike denominators and more! Perfect for reinforcing key math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including fraction array cards, division cubes, a number line and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math	
	PP409	Multiplication & Division Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can emphasizes key multiplication and division skills! Perfect for reinforcing math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including division cubes, an array mat, a spinner and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math

	PP417	Angles & Symmetry Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can targets essential skills such as drawing angles, measuring angles and exploring symmetrical shapes! Perfect for reinforcing key math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including a miniature protractor, symmetry cards and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math	
	PP415	Measurement Conversion Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can targets essential skills such as converting units of measure and solving real-world measurement problems! Perfect for reinforcing key math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including a ruler, a measurement scale card, foam dice and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math	
	PP412	Place Value Discovery Can - Gr. 4-5	Elementary P.93	Part of our Math in a Flash! series, this ready-to-use discovery can emphasizes key place value skills such as building numbers, rounding numbers up and more! Perfect for reinforcing math concepts, the can comes with 25 self-checking activity cards and lots of manipulatives—including place value cards, a spinner, a rounding cube and more! Can measures 6 1/2" tall.	\$19.99	Grades 4-5	Mastering Basic Skills	Math	
	EE991	Visualize It! Part-Whole Addition and Subtraction Cards	Elementary P.94	Designed to jump-start math fluency, our part-whole cards help kids visualize addition and subtraction problems! Each card features a kid-friendly bar model with a question mark representing the missing value. After children solve for the missing number, they simply flip the card over to check their answer! Perfect for small groups, math centers and independent practice, the set includes 100 double-sided cards in a sturdy box with tabbed dividers. Cards measure 4" x 6".	\$19.99	Grades K-5	Mastering Basic Skills	Math	
	EE992	Visualize It! Part-Whole Multiplication and Division Cards	Elementary P.94	Designed to jump-start math fluency, our part-whole cards help kids visualize multiplication and division problems! Each card features a kid-friendly bar model with a question mark representing the missing value. After children solve for the missing number, they simply flip the card over to check their answer! Perfect for small groups, math centers and independent practice, the set includes 100 double-sided cards in a sturdy box with tabbed dividers. Cards measure 4" x 6".	\$19.99	Grades K-5	Mastering Basic Skills	Math

You get 15 different games that progress in difficulty to keep students focused and engaged as they match up expressions with their numeric forms, solve for unknown numbers and more. Set includes 240 cards, plus an answer key; in a 10 1/2" box.	\$39.99	Grades 4-5	Mastering Basic Skills	Math	
	PP365	Grab & Match Level Fractions Quickies - Gr. 4-5	Elementary P.95	Our card games encourage critical thinking, speed and accuracy—to help challenging fraction concepts become second nature for students! You get 15 different games that progress in difficulty to keep students focused and engaged as they match up equivalent fractions, multiply and divide fractions by whole numbers, and more. Set includes 240 cards, plus an answer key; in a 10 1/2" box.	\$39.99	Grades 4-5	Mastering Basic Skills	Math	
	PP366	Grab & Match Level Place Value Quickies - Gr. 4-5	Elementary P.95	Our card games encourage critical thinking, speed and accuracy—to help challenging place value concepts become second nature for students! You get 15 different games that progress in difficulty to keep students focused and engaged as they match up numbers based on place value, round and estimate to solve real-world problems, and more. Set includes 240 cards, plus an answer key; in a 10 1/2" box.	\$39.99	Grades 4-5	Mastering Basic Skills	Math	
	PP225	Pop to Win! Math Game - Gr. 5	Elementary P.96	Perfect for demonstrating understanding of math concepts, plus extra practice and review, our action-packed math game lets children develop essential skills as they play! This game features 75 questions based on key math standards, covering place value, fractions, decimals, classification of shapes and more. Children just draw a card and solve the problem...then pop the popper to move around the game board! Game includes everything you need for 2-4 players; game board measures 13" x 13".	\$24.99	Grade 5	Mastering Basic Skills	Math	
	PP665	Pick-A-Problem Math Warm-Ups - Gr. 5	Elementary P.97	Just reach into the mystery box to pick a math problem—and target key math standards in just a few minutes each day! Great for daily warm-ups, extra practice, math centers and more, our set includes 100 question cards featuring fun-to-solve riddles, puzzles and word problems—all targeting fifth-grade standards for math. The set even includes a guide with an answer key for easy self-checking, plus a mystery box. Box measures 7 1/2"w x 7 1/2"d x 6 1/2"h.	\$29.99	Grade 5	Mastering Basic Skills	Math

	TT491	Angles Hands-On Measurement Center	Elementary P.111	Challenging measurement concepts are a breeze to understand when students get their hands on our activity-filled center! Great for self-directed learning, our center includes 10 write & wipe and reproducible activity cards, plus all the hands-on tools students need to complete each activity—from using a protractor to identify angles to using angle circles to solve word problems. Plus, the ready-to-use center includes a freestanding reference chart, as well as a teacher's guide with a reproducible assessment.	\$59.99	Grades 4-5	Measurement	Math	
	TT492	Volume Hands-On Measurement Center	Elementary P.111	Challenging measurement concepts are a breeze to understand when students get their hands on our activity-filled center! Great for self-directed learning, our center includes 10 write & wipe and reproducible activity cards, plus all the hands-on tools students need to complete each activity—from using cubes to build figures and determine volumes to using a ruler to find the missing measurement. Plus, the ready-to-use center includes a freestanding reference chart, as well as a teacher's guide with a reproducible assessment.	\$59.99	Grades 4-5	Measurement	Math	
	TT493	Conversions Hands-On Measurement Center	Elementary P.111	Challenging measurement concepts are a breeze to understand when students get their hands on our activity-filled center! Great for self-directed learning, our center includes 10 write & wipe and reproducible activity cards, plus all the hands-on tools students need to complete each activity—from using meter sticks for exploring the length of classroom items to using a platform scale to determine weight and mass. Plus, the ready-to-use center includes a freestanding reference chart, as well as a teacher's guide with a reproducible assessment.	\$59.99	Grades 4-5	Measurement	Math	
	FF297	Hands-On Addition Regrouping Kit	Elementary P.101	Children master addition skills...with a fun-to-use regrouping kit that makes complicated math problems easy to solve! Our kit includes a regrouping tray with 75 place value tiles representing ones, tens and hundreds, plus 40 self-checking problem cards that feature two- and three-digit numbers. Children simply place a problem card onto the tray, count out place value tiles to visually represent each number in the equation—then just regroup the tiles to work out the answer. We've even included a handy write & wipe card that lets children record their work. Plastic tray measures 8 5/8" x 14 1/4".	\$34.99	Grades 2-5	Number & Operations in Base 10	Math

From using mathematics and computational thinking to find out how much freshwater there is on Earth to researching how communities use science to protect Earth's resources, kids map out investigations, explain their process and relate findings to the real world. The kit includes 4 double-sided, 8 1/2" x 11" Investigation cards, 4 Connection cards, a water map, 3 measuring beakers, food coloring, 2 large cups with lids, a small cup, a measuring tape, a funnel, 30 pipe builders, 20 craft sticks and 2 strings. Plus, you get a guide with extensive lesson plans, possible answers and more!</p> <p>Develops skills in:</p> <ul style="list-style-type: none"> <li>• Developing a model using an example to describe ways the geosphere, biosphere, hydrosphere and/or atmosphere interact</li> <li>• Describing and graphing the amounts of saltwater and freshwater in various reservoirs to provide evidence about the distribution of water on Earth</li> <li>• Obtaining and combining information about ways individual communities use science ideas to protect Earth's resources and environment</li> </ul> <p>*NGSS is a registered trademark of Achieve. Neither Achieve nor the lead states and partners that developed the Next Generation Science Standards were involved in the production of this product and do not endorse it.</p>	\$49.99	Grade 5	Scientific Inquiry	Science	
	DS105	Daily Science Reproducible Activities - Gr. 5	Elementary P.128	<p>Introduce standards-based science lessons in your classroom—every day of the school year! Our engaging book has daily 10- to 15-minute activities that teach fifth graders life, earth and physical science concepts with reproducibles, hands-on experiments and more! Book is 192 pages.</p>	\$29.99	Grade 5	Scientific Inquiry	Science	
	PP527	Force & Motion Activity Lab	Elementary P.129	<p>Students develop a concrete understanding of gravity, energy, friction and more...as they experiment with forces &amp; learn how they affect motion! Children just follow simple instructions to complete 7 hands-on experiments—from creating pendulums and experimenting with friction to measuring pull forces and building inclined planes! You get 53 experiment pieces, including pulleys, spring scales, ramps, launchers and more.</p>	\$79.99	Grades 3-5	Scientific Inquiry	Science	
	PP226	Simple Machines Activity Lab	Elementary P.129	<p>Students discover how simple machines make work easier...as they build realistic models and perform hands-on experiments! Our lab includes high-quality, extra-durable beechwood components, plus 7 hands-on experiment cards that walk students through how to build and use a pulley, an inclined plane, a wheel and axle, and more. The cards even include information on back that explains each machine and how it's used in the real world! Lab comes complete with 39 experiment pieces.</p>	\$79.99	Grades 3-5	Scientific Inquiry	Science	

## Suggested ESA Materials for Students in English Language Arts, Math, Science, Social Studies and STEM

Fifth Grade									
Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP528	Magnet Activity Lab	Elementary P.129	Our ready-to-use lab has everything students need to explore magnetism—hands on! You get 7 easy-to-follow experiment cards with skill-building investigations on front and scientific information on back...plus all the materials students need for unlimited exploration and discovery—including bar magnets, compasses, electromagnets and more. Lab comes with 50 experiment pieces. Requires 4 “AA” batteries (not included).	\$69.99	Grades 3-5	Scientific Inquiry	Science	
	PP529	Electricity Activity Lab	Elementary P.129	Our classroom-safe lab makes electricity concepts easy to grasp—with hands-on experiments and ready-to-use tools! The 29 pieces come with 7 cards featuring step-by-step experiments, from testing for conductors to creating a simple switched circuit. Plus, the back of each card has background information on the scientific concept covered by the experiment—so children learn important facts as they work! Requires 4 “D” batteries (not included).	\$69.99	Grades 3-5	Scientific Inquiry	Science	
	DD351	Electricity Activity Tub - Gr. 4-6	Elementary P.135	Students build simple circuits, send messages in Morse code, make their own burglar alarms and more—with a ready-to-use kit that explores electricity hands on! Our all-in-one tub includes 8 different experiment cards with involving activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from light bulbs and a static electricity tube to a fun quiz card, vocabulary cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science	
	EE466	Electricity Book Library - Gr. 4-6	Elementary P.135	Students take a trip through an electrical circuit, explore the properties of magnets, learn how batteries work and more—with fascinating books that reinforce and expand on the themes presented in our <i>Electricity Activity Tub - Gr. 4-6</i> ! Our library features wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$43.50	Grades 4-6	Scientific Inquiry	Science	
	DD353	Matter Activity Tub - Gr. 4-6	Elementary P.135	Students build a model of a molecule, create slimy goo to investigate chemical change and more—with ready-to-use activities that explore matter hands on! Our all-in-one tub includes 8 different experiment cards with involving activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from thermometers, beakers and modeling clay to vocabulary cards, diagram cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science

Fifth Grade									
Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	EE190	Matter Book Library - Gr. 4-6	Elementary P.135	Students investigate states of matter, take an up-close look at atoms, learn how to make invisible ink and more—with involving books coordinated to our <i>Learning Science Activity Tubs - Gr. 4-6</i> . Our skill-building library features fascinating books that reinforce and expand on the themes presented in our <i>Matter Activity Tub - Gr. 4-6</i> ...with wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$47.50	Grades 4-6	Scientific Inquiry	Science	
	DD356	Simple Machines Activity Tub - Gr. 4-6	Elementary P.135	Our all-in-one activity tub contains everything you need to help students learn about simple machines—as they build marshmallow catapults, create their own pulley systems and more! You get 8 different experiment cards with involving activities based on national science standards. Plus, we've included tons of materials to complete each experiment and explore concepts in depth—from a spring scale and lever to a fun flip book, vocabulary cards and full-color charts that make concepts easy to grasp! You even get a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science	
	EE468	Simple Machines Book Library - Gr. 4-6	Elementary P.135	Students investigate the power of pulleys, explore first-class and second-class levers, learn how to make their own machines and more—with fascinating books that reinforce and expand on the themes presented in our <i>Simple Machines Activity Tub - Gr. 4-6</i> ! Our library features wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$46.50	Grades 4-6	Scientific Inquiry	Science	
	DD354	Force & Motion Activity Tub - Gr. 4-6	Elementary P.135	Students race cars down ramps, build their own roller coasters, watch balloon rockets zoom by and more...and get an exciting look at force and motion in action! Our all-in-one tub includes 8 different experiment cards with involving activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from ramps, carts, measuring tape and a stopwatch to handy vocabulary cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science	
	EE194	Force & Motion Book Library - Gr. 4-6	Elementary P.135	Students discover how gravity works, explore simple machines, investigate the effects of friction and more—with fascinating books that reinforce and expand on the themes presented in our <i>Force &amp; Motion Activity Tub - Gr. 4-6</i> ! Our library features wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$46.50	Grades 4-6	Scientific Inquiry	Science

	DD358	Cells & Organisms Activity Tub - Gr. 4-6	Elementary P.135	Students get a firsthand look at cells and organisms—as they create cell models, view cell division, observe osmosis in action and more! Our all-in-one tub includes 8 different experiment cards with involving activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from microscopes and slides to vocabulary cards, diagram cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science	
	EE195	Cells & Organisms Book Library - Gr. 4-6	Elementary P.135	Students take a closer look at fossils, follow the life cycle of a frog, investigate cells up close and more—with involving books coordinated to our <i>Learning Science Activity Tubs - Gr. 4-6</i> . Our skill-building library features fascinating books that reinforce and expand on the themes presented in our <i>Cells &amp; Organisms Activity Tub - Gr. 4-6</i> ...with wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$47.50	Grades 4-6	Scientific Inquiry	Science	
	DD352	Human Body Activity Tub - Gr. 4-6	Elementary P.135	Students learn all about the human body as they create a model lung, find their heart rates, log reaction times to check their reflexes and more! Our all-in-one tub includes 8 different experiment cards with involving, hands-on activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from models of a heart, skeleton and digestive system to vocabulary cards, diagram cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science	
	EE464	Human Body Book Library - Gr. 4-6	Elementary P.135	Students watch the human heart in action, learn how muscles and bones work, and more—with involving books coordinated to our <i>Learning Science Activity Tubs - Grades 4-6</i> . Our skill-building library features 5 fascinating books that reinforce and expand on the themes presented in our <i>Human Body Activity Tub</i> ...with wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. You get a set of 5 paperback books.	\$40.50	Grades 4-6	Scientific Inquiry	Science	
	DD357	Properties of Earth Activity Tub - Gr. 4-6	Elementary P.135	As students form fossils, make mountains crumble, wear down rocks and more, they learn about Earth's properties and forces—hands on! Our all-in-one tub includes 8 different experiment cards with involving activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from real rock samples and erosion trays to vocabulary cards, diagram cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science

	EE192	Properties of Earth Book Library - Gr. 4-6	Elementary P.135	Students discover Earth's natural resources, take an up-close look at rocks and gems, learn how to make their own volcanoes and more—with fascinating books that reinforce and expand on the themes presented in our <i>Properties of Earth Activity Tub - Gr. 4-6</i> ! Our library features wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$47.50	Grades 4-6	Scientific Inquiry	Science	
	DD355	Solar System Activity Tub - Gr. 4-6	Elementary P.135	Students use models to simulate seasonal changes, calculate gravity on other planets, create a phases of the moon slider and more—with an all-in-one kit that explores the solar system hands on! Our ready-to-use tub includes 8 different experiment cards with involving activities based on national science standards. Plus, you get tons of materials to complete each experiment and explore concepts in depth—from an Earth/moon rotation model and flashlight to a fun flip book, vocabulary cards and full-color charts that make concepts easy to grasp! We've even included a handy guide filled with reproducibles, extension ideas and more.	\$69.99	Grades 4-6	Scientific Inquiry	Science	
	EE193	Solar System Book Library - Gr. 4-6	Elementary P.135	Students take a trip on the space shuttle, look through a giant telescope, learn fascinating facts about the planets and more—with fascinating books that reinforce and expand on the themes presented in our <i>Solar System Activity Tub - Gr. 4-6</i> ! Our library features wonderfully illustrated, high-interest titles that make concepts super-easy to grasp. Set includes 5 paperback books.	\$44.50	Grades 4-6	Scientific Inquiry	Science	
Social Studies - Fifth Grade									
	FF773	Landforms & Mapping Grab & Play Game	Elementary P.139	As kids play our fun skill-building game, they explore landforms, direction and symbols on a real map! The game includes a full-color map and 160 questions, plus a die and 40 point tokens. To play, children take turns rolling the die to select questions, then use their mapping skills and social studies knowledge to answer them. For each correct answer, players collect tokens—as they race to earn 100 points! Map measures 11 1/2" x 13 1/2". For 2-4 players.	\$19.99	Grades 3-5	Geography	Social Studies	
	FF772	The World Grab & Play Game	Elementary P.139	As kids play our fun skill-building game, they explore the cultures, landmarks and geography of all 7 continents! The game includes a full-color map of the world and 160 questions, plus a die and 40 point tokens. To play, children take turns rolling the die to select questions, then use their mapping skills and social studies knowledge to answer them. For each correct answer, players collect tokens—as they race to earn 100 points! Map measures 11 1/2" x 18". For 2-4 players.	\$19.99	Grades 3-5	Geography	Social Studies

Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	HH175	United States Government Resource Box	Elementary P.137	Our ready-to-use resource box contains everything you need to teach students about the U.S. government! It comes packed with reading comprehension folders, writing prompt cards and information-filled photo cards that boost reading and writing skills—while allowing students to explore the government’s history and function. It also comes with a variety of hands-on materials that bring each topic to life—including realistic props like a gavel, stamps, a checks and balances flip book and more. You even get a guide with over 20 pages of skill-building reproducibles and activities that students will love to complete—from creating a class constitution to holding a mock trial! Box measures 12" x 15".	\$99.50	Grades 4-5	Government	Social Studies	
	PP858	Social Studies File Folder Games - Gr. 4-5	Elementary P.137	Our folder games are a fun way for fourth- and fifth-graders to explore social studies at community, national & global levels—using a hands-on format that helps them retain what they learn! There’s no prep work required—the set includes 10 tabbed folders, plus 10 pouches containing pre-cut, sorted & color-coded pieces. Students just choose a folder & start discovering fascinating concepts—independently! Topics include colonial America, U.S. states and capitals, and westward expansion.	\$39.99	Grades 4-5	History	Social Studies	
	FF774	Native Americans Grab & Play Game	Elementary P.139	As kids play our fun skill-building game, they explore the culture, history and geography of native tribes! The game includes a full-color map and 160 questions, plus a die and 40 point tokens. To play, children take turns rolling the die to select questions, then use their mapping skills and social studies knowledge to answer them. For each correct answer, players collect tokens—as they race to earn 100 points! Map measures 11 1/2" x 13 1/2". For 2-4 players.	\$19.99	Grades 3-5	History	Social Studies	
	FF775	Explorers Grab & Play Game	Elementary P.139	As kids play our fun skill-building game, they discover famous explorers and their expeditions around the globe! The game includes a full-color map of the world and 160 questions, plus a die and 40 point tokens. To play, children take turns rolling the die to select questions, then use their mapping skills and social studies knowledge to answer them. For each correct answer, players collect tokens—as they race to earn 100 points! Map measures 11 1/2" x 13 1/2". For 2-4 players.	\$19.99	Grades 3-5	History	Social Studies

<b>STEM - Fifth Grade</b>									
	LC991	Maker Space Project Cards	Elementary P.115	With our unique STEM cards, students can build, test and modify everything from robots and circuits to bridges and structures! The double-sided, 7" x 8" cards feature open-ended projects that can be built using materials from our fully loaded <i>Maker Space Mobile Project Cart</i> and common classroom items. You get 55 cards organized into 3 levels of difficulty across 4 categories, plus a 60-page teacher's guide with examples of completed builds. Cards come in a handy storage box with dividers.	\$39.99	Grades 2-5	Critical Thinking/Problem-Solving	STEM	
	TT762	Learn to Code File Folder Games - Gr. 4-5	Elementary P.115	These ready-to-use folder games help students master early coding skills! Children just follow the simple 3-step instructions to code a path from start to finish on 10 colorful, engaging folders—developing computational thinking and problem-solving skills as they create the most efficient sequence of actions in their codes. Perfect for learning centers or independent practice, this grade-appropriate set includes 10 different activity folders at 3 levels of difficulty, each with precut and sorted game tiles, a pawn and a handy storage pouch. Games include an activity guide; folders measure 17 1/2" wide when open.	\$39.99	Grades 4-5	Critical Thinking/Problem-Solving	STEM	
	PP738	Power Tiles Circuit Kit - Starter Set	Elementary P.115	Introduce 21st-century skills like electronics and robotics—as students design and build with our action-filled circuits! Interchangeable circuit tiles snap together in every direction for endless exploration, and a variety of tiles let children experiment with light, sound, motion and more. Follow our guide to build 2-D and 3-D circuits—from a night-light to a beeping alarm—or let kids design their own creations! Set comes with 15 tiles; each measures 3" x 3". Detailed guide features easy-to-follow instructions for 8 challenge activities. Requires one 9-volt battery (not included).	\$99.50	Grades 1-5	Critical Thinking/Problem-Solving	STEM	
	PP129	John Henry Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of John Henry—then build a working conveyor belt to help him race a steam-powered drill! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a conveyor belt that really hauls rocks...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 102 pieces to build a conveyor belt, 10 rocks, a crate, a 16 1/2" mountain facade and a ruler.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP128	Johnny Appleseed Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of Johnny Appleseed—then design a fence shaped to hold the most apple trees! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a sturdy log fence...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 30 apple trees, 20 logs, two 16" double-sided landscape mats and a ruler.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	

## Suggested ESA Materials for Students in English Language Arts, Math, Science, Social Studies and STEM

Fifth Grade									
Item	Item #	Item Name	Catalog Page	Product Description	List Price	Grades	Skill / Concept	Content Area	
	PP127	Paul Bunyan Problem Solving STEM Kit	Elementary P.118	Kids explore the legend of Paul Bunyan—then design a wagon to carry his heavy knapsack! Our kit helps kids discover the STEM in a classic folk tale—inspiring them to use hands-on materials to design, build and test a working wagon...then improve their design like real engineers! This kit comes with a STEM-focused story card, student challenge cards, a detailed lesson plan and a reproducible design sheet—plus 52 pieces to build a wagon, a 2-pound, 4 1/2" weighted knapsack, rubber bands and a tape measure.	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP848	Create-A-Chain Reaction STEM Kit - Gr. 3-5 - Starter Set	Elementary P.123	Students learn firsthand how STEM concepts such as gravity, force and momentum can create a chain reaction! Our kid-pleasing set challenges third- through fifth-grade students to build a variety of chain reaction courses—and comes complete with everything kids need to build from scratch, including switches, seesaws, hammers and more. Students simply grab a challenge card...design and build each of the pictured components with help from the "how-to" book...then set up their course. With a drop of the ball onto the tracks, kids will find out whether their course works—fine-tuning the distance and angle of the pieces until the ball reaches the goal box. Perfect for building 21st-century skills like perseverance and STEM problem solving, our set even lets students create their very own chain reaction courses—for unlimited building possibilities! Set includes 59 tough plastic builders, 4 balls, 4 cords, 8 challenge cards, a "how-to" book and a guide. The largest piece measures 12" in length.	\$49.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	PP438	Hydraulics Engineering STEM Kit	Elementary P.124	Kids explore the mechanical power of liquid in motion—as they build their own hydraulic machines! Our kit includes 4 step-by-step activity booklets and all the reusable building pieces kids need to create 4 different hydraulic machines—from a working drawbridge to a crane that really lifts objects. Plus, we've included syringes and tubes kids fill with water and connect to each machine—learning how to convert energy as they set each machine in motion! The kit includes 4 activity booklets, a hydraulics information card, 126 sturdy plastic building and testing pieces, and a guide. Longest building piece measures 6 1/2".	\$59.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM	
	TT759	Building Brick STEM Challenge Kit - Gr. 3-5	Elementary P.125	Young engineers boost STEM skills as they complete one hands-on challenge after another—from constructing a spinning windmill to building a solvable maze! Students simply choose a challenge card, use the snap-together building pieces to engineer a solution...and then test their creation, revising and retesting until their design is successful. Our kit includes over 250 building pieces and 10 double-sided challenge cards with possible solutions on the back. Cards measure 8 1/2" wide.	\$49.99	Grades 3-5	Critical Thinking/Problem-Solving	STEM
