The determination of eligibility for special education is based on an evaluation pursuant to the IDEA '04, A.R.S. §15-766, and the following requirements:

- The student has a health impairment that limits his/her strength, vitality, or alertness (including a heightened alertness that results in limited alertness with respect to the educational environment) that is due to chronic or acute health problems including but not limited to asthma, attention deficit disorder, diabetes, epilepsy, and/or heart conditions. The health impairment adversely affects performance in the educational environment.
- The health impairment has been verified by a doctor of medicine or doctor of osteopathy.
- The student was evaluated in all other areas related to the suspected disability.

---

**Team decision regarding the presence of a disability:**

- The student **does** meet the criteria as a child with other health impairment.

**Team decision regarding the need for special education services:**

- The student **does not** need special education services.
- The student **does** need special education services.

**Note:** A student shall not be determined to be a child with a disability if the determinant factor is lack of appropriate instruction in reading (including the essential components of reading instruction), lack of appropriate instruction in math, or limited English proficiency.

- Parent has been provided with notice regarding this decision that meets the prior written notice requirement under the IDEA '04.
