

Arizona Report of Public Agency Performance on Evaluation Timelines

Indicator 11: Evaluation Timelines

Percent of children with parental consent to evaluate who were evaluated within 60 days (initial evaluations only) or State-established timeline.

Measurement

The data are from the ADE/ESS monitoring results and reflect the status of each agency at the time of the on-site monitoring. The timeline is measured from the date of signed parental consent to the date of the determination of eligibility. Arizona rules allow for a 30–day extension of the 60 days if it is in the best interest of the child and the parents and the school agree.

Data

The data are from school year 2010–2011. The data are the percentage of students whose initial evaluations were completed within the required timeline.
