

Arizona Report of Public Agency Performance on Parent Involvement

Indicator 8: Parent Involvement

Percent of parents with a child receiving special education services who report that the school facilitated parent involvement as a means of improving services and results for children with disabilities.

Measurement

Percent of respondent parents who reported the school facilitated parent involvement as a way to improve services for children with IEPs, divided by the total number of respondent parents of children with IEPs, times 100.

Data

The data are from school year 2010–2011. The source of the data is a 25–question Arizona Parent Survey. Each school year a new cohort of public education agencies (PEAs) is selected to administer the survey. Every parent within those PEAs who has a child with an IEP is given the opportunity to complete the survey through a Web-based system or mail.

A PEA is listed with an asterisk (*) when it had fewer than 10 students with disabilities enrolled that school year. In these instances, the data are not reported to ensure confidentiality.
