

Ms. Angel

I am a teacher assistant with Ms. Crystal.

Last year, she helped me plan activities.

This year, I plan them by myself.

- Popcorn Lamb Activity
- Shark Unit
- Cracker Numbers

Last year, I reading with the kids. This year, I teach them and sometimes observe.

The kids are listening to me.

This was before she moved. On her last day, I let her choose which unicorns she wanted. I brought her the stuffed animal for a gift.

My favorite things about my job are:

- Teaching the kids how to read books carefully
- Teaching the kids to play nicely
- Bringing in special emergency activities
- Leading show and tell with Ms. Crystal
- Working with my boss, Ms. Crystal
- The birthday parties

I'm still practicing...

- Planning and researching activities
- Planning materials ahead of time so I'm prepared for preschool
- Staying focused with all my jobs when I'm Autistic

What I would like to do next

- Learn how to drive a car
- Get more comfortable with graduation. I am very nervous. I don't want to leave the preschool and the teachers.
- Job shadow at different preschools. I need to learn about different jobs.

**Thank you
Have a good day!**

Are there any questions??
