We very much look forward to your participation in the third convening of higher education faculty and high school teachers focusing on K-12 college and career-readiness standards and assessment.

The primary purpose of this meeting is to continue to connect K-12 and higher education to support development of high-quality materials for K-12 and college English Language Arts. This meeting will be a convening of English Language Arts faculty and teachers from across the state. Specifically, we will focus on the Arizona College and Career Readiness Standards and Achieve's EQuIP rubric for evaluating quality instructional products in English Language Arts. Participants will learn how to use tools and processes to review and evaluate the quality of instructional materials (lessons and units) aligned to ACCRS. Sessions will also address preparing students for college-level writing.

**Reimbursement:** A working lunch will be provided. If you are in session, you will receive substitute reimbursement by attending the session and indicating on the sign in sheet for the day.

Parking will be free (validated) in the Fulton Center Parking Structure, 715 S. College Ave. Tempe 85281.
