Application Processes: In general, there are two types of applications: individual and program.

- (a.): Individual application must include approval of Program Director. Professional development credit awarded for meeting time. Individual must be employed in ADE-funded program.
- (b.): Program application normally provides capacity-building funds to support program systemic change fostered through the initiative.

Budget Considerations:

- (a.) Generally, ADE/AES covers the registration fee. Exceptions are noted, if applicable.
- (b.) For required workshops/meetings, generally ADE/AES covers cost of included meals.
- (c.) Workshop materials are provided by ADE/AES, unless otherwise noted.
