Vehicle Inventory Window is Now Open for FY2016 Submissions

It's that time of year again when districts are required to submit final transportation data. This includes submitting the Vehicle Inventory data and generating the TRAN40-2 report as well as re-creating the TRAN55-1 report after both Vehicle Inventory and Transportation Routes data have been finalized. Generating the reports is the responsibility of the district and if they are not re-run to reflect the most recent data, it will cause unexpected results on the APOR55-1 and unexpected funding changes. Be sure to include all applicable vehicle miles through June 30. If they are not included, a negative impact to Transportation Support Level may be seen.

Vehicle Inventory data, like the Transportation Routes data, is entered via Common Logon.

Note: Transportation Routes is open as well. Both sets of data can be updated now through the deadline below.

200 Day Calendar Operation Approval Deadline

FY2017 deadline for approval of 200 Day Calendar is June 1, 2016. This must be approved and completed each year as a new process. The 200-day calendars are approved one year at a time. If your district or charter intends to operate on a 200-day calendar in FY2016, you must, at a minimum:

- a. Submit a letter to Lyle Friesen, Deputy Associate Superintendent of School Finance, and request approval of the 200-day calendar prior to June 1, 2016.
- b. Submit a 200-day calendar for each school within the district/charter holder, which includes a 10 percent increase in annual instructional hours.
- c. Charters (ASBCS sponsored schools) requesting a 200-day calendar must have it approved by the Charter Board prior to approval by School Finance.

- d. Budget for a five percent increase in base level support.
- e. Submit the “Optional 200 Day Instructional Calendar Compliance Form” <http://www.azed.gov/finance/forms/> to your Account Analyst.

SAIS Updates

FY 2016 System of Record

SAIS will be the system of record for FY 2016. All state funding will be based on the data in SAIS and reports available through Student Detail Data Interchange (SDDI) and Student Detail Reports (SDR), both accessible from [Common Logon](#).

The following reports have been implemented in SDR (Student Detail Reports), and therefore have been removed from SDDI (Student Detail Data Interchange) in Common Logon:

District and School Level Reports

- SDADMS75-1 – Adjusted Student ADM Limit Report
- SDELL75-1 – ELL Adjusted Membership Report by DOA
- SDSPED75-1 – Adjusted Membership Report by DOA

District Level Only Report

- SDELL75-3 – ELL Adjusted Membership Report by DOR

If you have any trouble locating the reports listed above, please contact your Account Analyst listed [here](#).

Important Reminder: Reconcile ADE Data to your SIS Data

Remember to reconcile the data that is in your student information system (SIS) with the data in SAIS. Funding is determined by the data that is in SAIS, not your SIS. If there is a discrepancy in the data, whatever is in SAIS will be used for your funding. Data should be reconciled monthly, at a minimum.

A couple of reports to review on a regular basis:

- Student Integrity Status Report SAIS raw data reports: ADMS72, SPED71, ELL71Funding reports after Aggregation: ADMS, SPED and ELL 75 reports and the ADMS76 report.

These reports can all be found within [Common Logon](#) within either SDDI or the Student Detail Reports applications. Presentations on how to reconcile SAIS reports are available on our [Business Rules and Presentations site](#) within the “Presentation” section under FYs 2015 and 2014. You may also contact your [Account Analyst](#) for additional guidance and support.

Charter Estimated Counts – FY 2017

Charter Estimated Counts will still be available for use during FY2017; the window for Charter Estimated Count submission will be open on June 15, 2016.

The implementation of current year funding will impact districts and JTED's, charters holders will continue to utilize Charter Estimated Counts tool to report their estimated of Average Daily Membership (ADM) as they normally would for their first few monthly payments.

Dropout Recovery and Grand Canyon Diploma Data Reporting

Dropout Recovery Program (DRP) and Grand Canyon Diploma (GCD) data will follow the same method of submission in FY 2016 as used in FY 2015. The data required for these two programs is being added to AzEDS. Submission of GCD and DRP data will be possible in AzEDS during FY 2016 for testing purposes only. Data submitted into AzEDS will not be transferred to SAIS for FY2016. DRP student data submissions and state funding will remain the same for FY 2016 as it has in past fiscal years
