## Children's Internet Protection Act (CIPA) CERTIFICATION

E-Rate applicants must enforce a policy of Internet safety and certify compliance the [Children's Internet Protection Act \(CIPA\)](#) to be eligible for discounts. CIPA was signed into law on December 21, 2000. To receive support for Internet Access, Internal Connections, and Basic Maintenance services from the universal service fund (USF), school and library authorities must certify that they are enforcing a policy of Internet safety that includes measures to block or filter Internet access for both minors and adults to certain visual depictions.

In general, school and library authorities must certify either that they have complied with the requirements of CIPA; that they are undertaking actions, including any necessary procurement procedures, to comply with the requirements of CIPA; or that CIPA does not apply to them because they are receiving discounts for telecommunications services only. See <http://www.usac.org/sl/applicants/step06/cipa.aspx> for additional details.

Check all that apply: (See <http://www.usac.org/sl/applicants/step06/cipa.aspx> for guidance)

\_\_\_\_\_ The LEA certifies that it has an Internet Safety Policy in place that addresses:

- Access by minors to inappropriate matter on the Internet and World Wide Web
- The safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications
- Unauthorized access including "hacking" and other unlawful activities by minors online; unauthorized disclosure, use, and dissemination of personal information regarding minors
- Measures designed to restrict minors' access to materials harmful to minors; monitoring the online activities of minors.
- Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, cyberbullying awareness, and response

\_\_\_\_\_ The LEA certifies that it has a Technology Protection Measure in place.

A technology protection measure is a specific technology that blocks or filters Internet access.

\_\_\_\_\_ The LEA certifies that it has provided a public notice and one hearing or meeting to address Internet safety policy.

## LEA APPROVAL & SIGNATURE

Enter dates, district/charter school name, print and sign name, upload ALEAT CIPA Certification

**Date the CIPA Certification was approved by the LEA governing board:** \_\_\_\_\_

Your signature below certifies that detailed records will be retained and made available for audit upon request.
