**MEMORANDUM**

---

**TO:** Food Distribution Program Participants  
**FROM:** Tina Herzog, Food Distribution Program Director  
Arizona Department of Education, Food Distribution Program  
**DATE:** August 29, 2007  
**SUBJECT:** Commodity Fact Sheets – Now on CD

*Original Signed*

USDA released the updated 2007 National School Lunch Program (NSLP) Commodity Fact Sheets for distribution beginning August 1, 2007 and they are now available on the FNS Food Distribution Division (FDD) web site at <http://www.fns.usda.gov/fdd/schfacts/>. The hallmark of the new commodity fact sheets is their new nutrient information and user-friendly format. Besides updating the nutrient data, the list of nutrients for which data are provided has been expanded to include *trans* fat, dietary fiber, sugars, magnesium, potassium, vitamin A in RAE unit of measure, and vitamin E. The fact sheets feature a more user-friendly format by providing one commodity code number for each product on its own separate fact sheet and also incorporate new features of interest, such as CN Crediting information; a graphic tie-in with the MyPyramid logo; added food safety guidance; and a “last updated” date to easily track post-release changes.

In addition to the website, a free CD containing the fact sheet files is now available. ADE and School Districts have the opportunity to order free copies of the 2007 NSLP Commodity Fact Sheet CD. If you are interested in receiving a copy of the CD, please complete the order form on the following page and e-mail or fax it to USDA by **September 28, 2007**. Orders will only be sent to the District as a whole not to individual schools (sites), so you will need to compile your orders for your entire district and submit one order form. This is a one-time only opportunity to receive this CD. After September 2007, you may continue to rely on the FDD website link above to provide current information about the 2007 NSLP Commodity Fact Sheets and others released in the future.

Remember to submit all orders no later than **September 28, 2007** directly to USDA – FNS using the attached form either by email or by fax. If you have any questions, please feel free to contact me at (602) 542-8781 or via e-mail at [Tina.Herzog@azed.gov](mailto:Tina.Herzog@azed.gov).

*This institution is an equal opportunity provider.*

Order Now!**

State Agencies and School Districts must use this order form to request the number of free CDs for the 2007 NSLP Commodity Fact Sheets that you need for your office and all your schools. Please note that orders for the fact sheet CD will be shipped to each State Agency's or School District's address **not** to individual schools.

**To prevent overlap, State Agencies and School Districts are asked to coordinate their orders. Copies will be shipped in response to this order form only.**

Orders for the fact sheet CD must be received by September 28, 2007. After that date the 2007 NSLP Commodity Fact Sheets will be available only from the FDD website:
