

Physical Education Standards Coding

The new Arizona Physical Education standards were approved by the State Board of Education on May 18, 2015. The coding of the standards was simplified and aligned to other content area standards.

Example of Elementary Coding

S1.E1

Standard Number. **Grade Level Outcome**

The first number is the standard number. The second number is the grade level outcome. This example standard is defined as Standard 1, Elementary Outcome 1.

Example:

Standard- S1. E1 Locomotor- Hopping, skipping, jumping, galloping, sliding, leaping

2nd Grade Outcome:

Skips using a mature pattern.

Example of High School Coding

S2.HS3.L1

Standard Number. **Grade Level Outcome. Level Number**

The first number is the standard number. The second number is the grade level outcome. The third number indicates high school level one or level two. This example standard is defined as Standard 2, High School Outcome 3, Level 1.

The high school levels are defined as follows;

1. Level One outcomes reflect baseline knowledge and skills students must acquire to be college or career ready at graduation.
2. Level Two outcomes allow students to build upon Level One outcomes by augmenting previous knowledge and skills providing students opportunities for promoting the development and refinement of life skills such as self-management, problem solving, and communication, critical for sustainability of self-directed physical activity into adulthood.

Example:

S2.H3.L1 Movement Concepts, Principles and Knowledge

Outcome:

Create a practice plan to improve performance for a self-selected skill.
