STC10 - Student-Teacher-Course Verification Report

The STC10 report shows each Section of a Course, the teacher teaching that Course and the students who are/have been enrolled in the course. A user must select at least one School and one Subject Area. If desired, the user can filter the data even more by entering in the first 2 characters of the Local Course ID, or first 1 character of the Section ID or a complete State Student ID. Matching on the Course ID and Section ID are a "starts with" so you can filter based on something that starts with say "AZ01". Matching on the State Student ID is an exact match so make sure the number you are entering is complete and accurate. Clicking the blue circle with an 'i' will take you to the Quick Reference Guide for this report. This report is pre-integrity
