### Least Restrictive Environment (LRE) School Age Codes

To calculate the amount of time spent inside the regular classroom, use the following formula:

$$\# \text{ of hours spent in regular class} / \text{total \# of hours in regularly scheduled class periods (including lunch, recess, and study periods)} * 100$$

Time spent outside the regular classroom receiving services unrelated to the student's disability should be considered time inside the regular classroom. Educational time spent in age-appropriate community-based settings that include individuals with and without disabilities should be counted as time spent in the regular classroom.

### SPED School Concurrency Codes

These codes identify which school is the primary or secondary school. If a student attends only one school at any given time, then that school is identified as the primary school. If a student attends more than one school, only one can be identified as the primary school at any given time.

These codes are not to be confused with the federal primary need indicator (FPNI) that determines which need is the primary need for a special education student.

<b>Code</b>	<b>Short Description</b>	<b>Definition</b>
<b>P</b>	<b>Primary</b>	The school where the student is enrolled to receive services for 50% or more of the school day.
<b>S</b>	<b>Secondary</b>	The school where the student is enrolled to receive services for less than 50% of the school day.

**Special Enrollment Codes**

**Special Enrollment** (CEC-A, CEC-B, Open Enrollment) – Applies only to school districts.

Classifies certain students who attend a school within a district, but reside outside of the boundaries of that district.

Code	Short Description	Definition
1	CEC-A	<p><b>Certificate of Educational Convenience A</b>                      May pertain to students who reside in unorganized territories (no school district) or who are precluded by distance and lack of adequate transportation from attending school in the district or county of residence.</p>
2	CEC-B	<p><b>Certificate of Educational Convenience B</b>                      Students who are placed in one of the following facilities: a State rehabilitation or corrective institution, a foster home, child care agency, or institution which is licensed and supervised by the Department of Economic Security or Department of Health Services, a residential facility operated or supported by the Department of Economic Security or the Department of Health Services, or a residence under the supervision of Juvenile Corrections.                      The county school superintendent of any county may not issue a CEC for a student placed in one of the above facilities if the student is placed in the same district as the residence of the student’s parents or legal guardians or if the student is placed without a court order and the student’s parents or legal guardians are not residents of this state.</p>
3	Open Enrollment	<p>School districts may adopt and implement policies to allow students who reside outside of their district boundaries to enroll in any school within the district. Students who enroll under the provisions of such policies are known as open-enrollment students.</p>

### Tuition Payer Codes

Code 1 is used for the majority of SPED students, including those identified as “fee-for-service” students (when some SPED services are provided by ASDB). Code 7 is applicable to SPED students that are vouchered.

Code	Description	Definition/Notes
1	The “normal” setting for Arizona school students who generate state funding.	This includes students attending school in their own district of residence, as well as tuitioned-in students (students attending school outside their district of residence as defined in Arizona statute, but whose tuition is paid by the district or ADE) and students with a special enrollment situation.
2	Privately paid tuition, no tuition charged.	This includes students: 1) Not eligible for state funding as defined in Arizona statute (e.g., students age 22 and older, students less than 3 years old, and preschool children without disabilities); 2) With private-paid tuition (e.g., tuition is paid by parents or guardian);
3	Foreign exchange student.	Student is a foreign exchange student. These students are not eligible for state funding.
4	Non-special education (NSE) students in residential treatment centers.	Non-special education (NSE) students placed in approved residential facilities; funding is paid through the voucher system, not ADM.
5	JTED (Joint Technological Education District)/Non-resident charter (concurrent).	This tuition payer code is reported for the JTED membership when a student is concurrently enrolled in a charter school but does not reside within the boundary of the member district. The JTED membership is not eligible for state funding.
6	ISEP (Indian School Equalization Program), federally funded, and not eligible for state funding.	This tuition payer code is used to identify ISEP (federally funded Indian School Equalization Program) students. An ISEP student must not generate state aid, SPED add-on, or ELL add-on funding.
7	Other State funded formula	Special education students who are receiving services from a state institution or an approved residential facility and are funded through the voucher system.
