

## Supplies List for Migrant Education Webinar

### Homework Help & Study Tips Ziploc Book

Dear Coordinators,

I am excited to join your next webinar to share “Homework Help and Study Tips” with your parents and their children.

The objectives of this webinar align with the Comprehensive Needs Assessment under:

#### **Supportive Services:**

- To provide parent education and books/materials/supplies
- To coordinate and collaborate with outside agencies...for additional support services to meet identified needs and support student learning and success.

#### **Parent and Family Needs:**

- To train parents to increase family literacy skills and learning strategies for helping children with reading and homework.

#### **Goal 2: School Readiness:**

- To provide sufficient information, resources, and practice strategies to parents to support their children.
- To provide parents with strategies to support their children’s academic success

I am sending a list of needed items now, so you can purchase and prepare the materials before the webinar is available.

There are two lists: Materials for the Ziploc Book and the Homework Kit – items for the home. The bookmaking materials will be needed during the webinar, so families can complete the project. The homework kit has materials for families to take home so their children can be prepared for homework assignments.

The parents and children will be making the Ziploc Books together. With the directions on the webinar, the parents will be able to guide their child making the book, but you may want to have childcare available for children younger than five. Looking forward to hearing about the results of this project.

Thank you,

Jennifer Medina

**Bookmaking Materials for the webinar - Ziploc Book:**

1. Sandwich size Ziploc or seal-able baggies (at least 5 baggies per participant, but you can use more)
2. 4 X 6 Index cards (You will need the same number of cards as baggies for each participant)
3. Stapler(s)
4. Tape
5. Pencils/pens/colored pencils and/or markers
6. Optional: Washi Tape or decorative Ducktape

**Take home materials for Homework kit:** (Please include your teens on receiving these items)

1. Paper (copy, construction and/or lined – consider what’s best for the age group of your students)
2. Scissors
3. Colored pencils, crayons, and/or markers
4. Pencils & pens
5. pencil sharpener
6. Glue or glue sticks
7. Stapler
8. Tape
9. Extra Ziplocs and index cards so participants can make more Ziploc books at home
10. **Optional:** One copy of Hunters of the Great Forest by Deni Nolan or an example of any wordless children’s book
