NCCER Electrical Fact Sheet

Certifying Organization	National Center for Construction Education and Research (NCCER) http://www.nccer.org/					
Description of Credentials	Completion of Electrician's Helper demonstrates the student has some basic electrical skills including Orientation to the Electrical Trade; Electrical Safety and Theory, Introduction to Electrical Circuits and National Electrical Code®, Device Boxes, Hand Bending, Raceways and Fittings, Conductors and Cables, Basic Electrical Construction Drawings, Residential Electrical Services and Electrical Test Equipment.					
Entry-Level Annual Salaries	$17,810 - $39,370					
CTE Program Alignment						
Industry-Based Certification Requirements: Students						
Standard / Curriculum	NCCER Core is a prerequisite for completion of all NCCER credentials (and all Helper pathways). Classes may be taught concurrently, but Level 1 or above credentials cannot be attained until NCCER Core has been successfully completed. NCCER Electrical Curriculum. Following completion of Level 1, higher levels may be attempted in sequential order.					
Testing Methodology ***(consists of two tests)***	**Paper?**	Yes	**Online – Cognitive portion**	Yes	**Performance Exams / Tests? Psychomotor portion**	Yes
Re-Testing (if available)	**Re-Testing Procedures:**	Students may retest after 48 hours. During the 48-hour span, students may not be exposed to the assessments or any questions.	**Max # of Attempts Allowed:**	5		
Testing Details (including any age requirements / accommodations)	NCCER does not have any age restrictions for their credentials. NCCER assessments must be supervised by a certified NCCER Craft Instructor or Proctor at a certified NCCER Training Facility. Before any assessment is given to the student, instructor must have an NCCER Registration and Release Form on file for the student with parent/guardian signature. Students must pass written exam with a score of 70% or better. Performance verifications are pass/fail and must be signed off by the certified Craft Instructor. Testing accommodations, specifically tests read aloud, are only available for designated students. NCCER has given permission for school personnel to administer the assessment in a one-on-one setting provided the NCCER Craft Instructor ensures test security and documentation of IEP is kept on file.					
Industry-Based Certification Requirements: Teachers						
Instructor Certification Requirements (by certifying agency)	Instructor must be a certified NCCER Electrical Craft Instructor with current certification at the level he or she is teaching. The state must have a Form 702A and documentation of skill on file at LDOE for instructors to certify students in NCCER Electrical. To maintain NCCER Instructor certification, instructor must have Registration of Training Modules approved by NCCER before ICTP expiration					

NCCER Electrical Fact Sheet

	(certification will be extended 3 years from completion date on Registration of Training Modules).			
Proctoring / Test Security (if any)	Only Master Trainers and NCCER Certified Instructors will have access to the tests. Tests will be administered by the instructor or Curriculum (ICTP) Proctor.			
Certification Tracking				
Credentialing Documentation	All scored module tests (both written and performance) will be kept in a secure physical or electronic location for at least three years. Results are submitted through the NCCER Registry. Students, upon completion of NCCER Core and all NCCER Electrical modules, will receive a certificate and/or NCCER Card (this card is provided one time upon completion of first NCCER certification).Sample NCCER Credential Sample NCCER Wallet Card			
Certification Tracking System	**Online Tracking System?**	Yes	**Details**	N/A
Other Details	**Expiration Timeline?**	NCCER Electrical credentials do not expire.		
Certification Costs / Funding Sources				
Cost Details	There is a one-time $50 site application fee paid at initial site accreditation. No other certification costs are required by NCCER. It is the responsibility of certifying agency (school/district) to provide access to consumables and machinery needed to certify students. Online Testing is purchased through NCCER's Online Testing system. NCCER Electrical Trainee Guides: NCCER Electrical Level I Trainee Guides: $67;			
Re-test / Refund Policies	There are no costs associated with paper test or retest. There is a minimal fee for online assessments.
