

Sixth Grade: Global Studies

World Regions And Cultures Of The Eastern Hemisphere (Early Civilizations to Renaissance & Reformation)

The content focus will be viewed through geographic and historical lenses. Sixth grade students will understand the cultural, religious, economic, and political systems of selected societies in the Eastern Hemisphere. Regions in the Eastern Hemisphere include the Middle East and North Africa, sub-Saharan Africa, Europe, Asia (east, south, and southeast), and Oceania. A course on world regions and cultures can be approached from many angles and perspectives.

There are many topics to pursue in 6th grade. LEAs should identify topical emphases to allow for depth of study needed to effectively engage student/learners in the inquiry process. Educators may choose to take a regional approach, a thematic approach, or a historical approach to the content.

The Arizona History and Social Science Standards assume students have regular standards-based social studies instruction every year. The amount of time individual students need to learn these standards will vary. The chart below specifies the expected social studies instructional time necessary for students to learn these standards.

Instructional time necessary to master standards:

- Assumed Minutes per Week: 250
- Assumed Average Minutes per Day: 50

Coding of the K-8 Standards

Each K-8 standard is made up of three components. The grade level appears first, followed by the core discipline Big Idea, and finally a standard number. The standard number at the end of the code is designed for recording purposes and does not imply instructional sequence or importance. Examples and explanations of the coding of the standards are below.
