

Kindergarten Resources

Children as Citizens

Through an introduction to civics, geography, economics, and history, students will understand their roles and responsibilities as citizens within their own context. Students will also learn about their own culture and how it impacts understanding of oneself and others as well as be introduced to aspects of our National culture.

Course Considerations:

- Importance of rules and responsibilities
- Individual roles in a community
- Personal decision-making
- Familiarity with geographic models
- Culture in the home, school, and community
- American symbols, holidays, and traditions

NOTE: Resources may be listed as a different grade based upon national or other state curriculum. Please search by topic for sources to use.
