Integrity Error -40074

Error Message:

SPED Least Restrictive Environment (LRE) with Exit Code SPED02 must have enrollment end on same exit date. No SPED LREs are allowed for the site after Exit Code SPED02 is reported.

Description:

When a student SPED Least Restrictive Environment (LRE) is reported with SPED02 Exit Code (Graduated with regular high school diploma), the corresponding enrollment for that site must end on the same day. There may be no other SPED LRE for that site reported after the exit date for the remainder of the fiscal year.

Example:

- SPED
  - LRE
    - Exit Date
    - Exit Reason
- Enrollment
  - Exit Date

If the SPED LRE is reported as Graduated, does the Enrollment end on the same date?

If the SPED LRE is reported as Graduated, then the Enrollment should be Graduated as well on the same day.

If the student has multiple LREs during the Fiscal Year, only the last LRE should be reported as Graduated if Enrollment ends on the same day.

A Graduated student cannot be reported as SPED at that site for the remainder of the Fiscal Year.

Troubleshooting:

- Verify correct LRE Exit date and LRE Exit Reason are reported.
- Verify correct Enrollment Exit date is reported.
- If Enrollment does not end until after the SPED LRE has exited, choose another SPED Exit Code.
- Once corrected, allow integrity to run overnight to see if student is passing integrity on SPED72 report.
