Is there a Resident School ID reported for the SPED LRE?

New for FY21. Regardless of enrollment, this is defined as the EntityID of the site the student would attend in the District of Residence (DOR) without an IEP.

Troubleshooting:

- **NEW FOR FY21:** Ensure your SIS vendor has updated your SIS to the FY21 AzEDS API.
- Verify Resident School ID is reported along with the SPED LRE data.
 - Each LRE reported requires a Resident School ID.
 - Private Day School - the public school site where the student would be enrolled and attending if not placed in the private day school.
 - Voucher - the public school site where the student would be enrolled and attending if not placed in the residential treatment center or a state institution.
 - Public Education Agency Placement (PEA) - the public school site where the student would be enrolled and attending if not placed in another PEA.
 - Head Start Programs - the public school site where the student would be enrolled and attending if not placed in the Head Start program.
 - Public School - defaults to the public school site where the student is currently enrolled & attending.
- Validate Resident School ID is reported using the SPED10 report.
- Once corrected, allow integrity to run overnight to see if student is passing integrity on SPED72 report.
