Missing Resident School ID for reported SPED LRE.

Description:

When a student's SPED Least Restrictive Environment (LRE) is reported, a Resident School ID must be reported.

 - LRE
- Student Education Organization Responsibility Association
 - Resident School ID

Is there a Resident School ID reported for the SPED LRE?

New in FY21. Regardless of enrollment, this is defined as the EntityID of the site the student would attend in the District of Residence (DOR) without an IEP.

Troubleshooting:

- If you are unsure where to report this element in your SIS, please contact your SIS Vendor for assistance. Element is identified in the AzEDS API as: StudentEducationOrganizationResponsibilityAssociation
- Verify Resident School ID is reported along with the SPED LRE data.
 - Each LRE reported requires a Resident School ID.
 - Private Day School - the public school site where the student would be enrolled and attending if not placed in the private day school.
 - Voucher - the public school site where the student would be enrolled and attending if not placed in the residential treatment center or a state institution.
 - Public Education Agency Placement (PEA) - the public school site where the student would be enrolled and attending if not placed in another PEA.
 - Head Start Programs - the public school site where the student would be enrolled and attending if not placed in the Head Start program.
 - Public School - defaults to the public school site where the student is currently enrolled & attending.
- Validate Resident School ID is reported using the SPED10 report.
- Once corrected, allow integrity to run overnight to see if student is passing integrity on SPED72 report.
