

# 2020 Fall Leadership Experience

**Launches October 5, 2020**

Six of Arizona's CTSOs are excited to team up for the first-ever, Fall Leadership Experience! Utilizing modern technology, this unique platform will allow teachers to implement employability skills training within their virtual and in-person classrooms. When teachers login, they will gain access to pre-recorded sessions, hosted by teachers, state officers, and nationally recognized speakers.

Registration will open on September 21, 2020 and will remain open until May 1, 2021. Teachers are invited to register anytime during this period to gain access to the virtual materials. Once registered, teachers will be sent instructions to access the materials.
