- Shall address regular two-way, meaningful communication between family members and school staff in a language that family members can understand.

Things to consider:

- *How is the Compact made available to parents and family members?*
- *Is the Compact integrated into a Handbook? If so, how are signatures collected?*
- *Does the school have the capacity to collect electronic signatures?*
- *Can electronic signatures be time and date stamped?*
- *Could the Compact be a virtual recording?*
- *What evidence could be collected by the school to ensure parents have accessed the information in the Compact?*
- *Might a shared electronic platform be used to make the information available and then collect electronic verification of access/viewing?*
- *Does the school have a training platform that could be utilized for parent engagement? (One in which a short training is viewed through web-based software and electronically signed/verified by participant.)*

Each school shall jointly develop with, and distribute to, parents and family members of participating children a written **parent and family engagement policy**, agreed on by such parents, that shall describe the means for carrying out the requirements below.
