The Honorable Janet Napolitano
Governor of the State of Arizona
1700 W. Washington St.
Phoenix, AZ 85007

Dear Governor Napolitano:

On behalf of the Arizona Department of Education, I am forwarding to you, the Legislature, Arizona's schools, and the public, the Annual report for 2008.

We are looking forward to continuing important initiatives through *teamwork* with all constituencies and stakeholders, as well as the creation and *promotion of a service-oriented agency*. With these goals and strategies in place, we are committed to the achievement of our overarching goal: **that Arizona students learn substantially more than they have been learning, as demonstrated by higher test scores.**

On behalf of our team at the Arizona Department of Education, I look forward to working with you, the members of the Legislature, and members of the community, business community, and education leaders, to ensure that Arizona's education system becomes among the best in the country.

Sincerely,

Definitions for Per Student Expenditure Amounts

Sections I through IV

FY 2008 current expenditures by type of expenditure and total expenditures by fund for each school district and charter school were reported to the Arizona Department of Education on each district's or charter school's Annual Financial Report (AFR). District Sponsored Charter School (DSCS) expenditure data is included with the sponsoring district in both the district level and school level reports, where applicable. Charter schools which closed and did not submit an AFR are listed on Page II-5 of Volume II, and are excluded from these sections.

Please note that information on the AFR is not audited at this time. The current expenditure figures and the expenditures by fund or project are reported separately on the AFR. Differences between current expenditures and total expenditures are due to definitional differences or differences in how various districts and charters account for expenditures. Current expenditures are a subset of total expenditures, pursuant to A.R.S. § 15-746 (A) (4).

The following pages present data on total and per student expenditures for school districts and for charters at the district and charter holder level (Sections III and V) as well as at the school and site level – Sections IV and VI. Two different types of expenditures are listed: current expenditures by type of expenditure and total expenditures by fund or project. Note that the school by school totals may not equal the district or charter holder total. A district or charter may not have allocated district office or charter holder level expenditures to each of the schools or sites.

I. Current Expenditures by School District and Charter School:

This summary page lists the various types of districts and schools, provides the attending Average Daily Membership (ADM) for each, and lists the total dollars expended by type of expenditure. The per student amounts were calculated by dividing the reported expenditure figures by the resident plus non-resident attending average membership for the district or charter school as reported to the Arizona Department of Education.

II. Current Expenditures for Districts and Charters:

Expenditures by type are summarized for each district and charter from all funds or projects for elementary and secondary education (to include M&O, CSF, IIF, most federal and state projects, etc., for K-12 education). Excluded are expenditures for land and land improvements, buildings and building improvements, furniture, equipment, and vehicles. Also excluded are Internal Service Fund operations, Community School Fund operations, debt retirement, student activities, and nonpublic school programs (e.g., adult/continuing education, community college education, community services, and day care centers). Current expenditures are reported under the following subcategories:

A. Classroom Instruction:

Regular and Special Education Expenditures related to activities dealing directly with the interaction between teachers and students, **excluding** classroom supplies.

B. Classroom Supplies:

All supply and textbook expenditures related to regular and special education classroom instruction, **excluding** library books and supplies.
