Alternate Assessment Participation Guidelines and Annual Eligibility Determination

The Arizona Department of Education offers an alternate assessment based on alternate achievement standards in compliance with the U.S. Department of Education's federal regulations and guidance. A student must have an Individualized Education Program (IEP) to be considered for participation in an alternate assessment. All students must participate in state assessments. IEP teams should consider the testing cycles that will occur during the student's IEP year and include suitable instructional time before administration windows. For example, an IEP team that determines eligibility before the close of the Student Selector Application in the fall has carefully considered the instructional time prior to test administration. An IEP team making the determination in the spring is documenting the preparation for the assessment during the following school year.

Arizona's Alternate Assessments:

ELA and Mathematics Grades 3 - 8 and 11 - Multi-State Alternate Assessment (MSAA)

Science Grades 5, 8, and 11 - Science Alternate Assessment through MSAA

English Language Proficiency Grades K-12 for English learners with the most significant cognitive disabilities – Alt ELPA

IEP Teams will discuss and determine participation and eligibility using the Alternate Assessment Participation Decision Documents. A student will be eligible in all areas (ELA, Mathematics and Science) where grades overlap. For an English learner with the most significant cognitive disabilities, they must meet the criteria for eligibility to take both the MSAA and Alt ELPA, even if they are in a grade that is not tested using the MSAA.

The student may participate in alternate assessments if all criteria are marked yes.

Alternate English Language Proficiency Assessment Participation Decision Documentation

The following definition serves as the basis for the Alt ELPA participation guidelines. English learners with the most significant cognitive disabilities are students

- who are not proficient in the English language and may have been identified as needing English language development services;
- who meet the federal definition of an English learner (ESEA §8101(20))*;
- · who meet the state definition for having a most significant cognitive disability; and
- whose Individualized Education Program (IEP) teams have determined an alternate assessment is appropriate for the student.

*English learner – The term "English learner," when used with respect to an individual, means an individual — (A) who is aged 3 through 21;

- (B) who is enrolled or preparing to enroll in an elementary school or secondary school;
- (C)(i) who was not born in the United States or whose native language is a language other than English; (ii)(I) who is a Native American or Alaska Native, or a native resident of the outlying areas; and (II) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or (iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and
- (D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual (i) the ability to meet the challenging State academic standards; (ii) the ability to successfully achieve in classrooms where the language of instruction is English; or (iii) the opportunity to participate fully in society.

Note: A student using American Sign Language as a means of communication is not considered an English learner for the purpose of participation in English Language Proficiency Assessments.

Eligibility Determinate for the Alternate English Language Proficiency Assessment (Alt ELPA)
☐ The student has been identified as needing English language development services
☐ The student meets the federal definition of an English learner
☐ The student is eligible for alternate content assessments (MSAA)

The following should not be considered in the eligibility determination process:

- 1. A disability category or label
- 2. Poor attendance or extended absences
- 3. Native language/social/cultural or economic difference
- 4. Expected poor performance on the general education assessment
- 5. Academic and other services received
- 6. Educational environment or instructional setting
- 7. Percent of time receiving special education services
- 8. English learner (EL) status except for determining participation in Alt ELPA
- 9. Low reading level/achievement level
- 10. Anticipated disruptive behavior
- 11. Impact of test scores on accountability system
- 12. Administrator decision
- 13. Anticipated emotional duress
- 14. Need for accommodations, e.g., assistive technology/AAC to participate in assessment process

	Evidence shows that the decision	for participating in	alternate assessments	was not based on above list
--	----------------------------------	----------------------	-----------------------	-----------------------------

IEP Team Statement of Assurance:

Our decision was based on multiple pieces of evidence that, when taken together, demonstrated that

- The Alternate Assessment is the most appropriate assessment for this student
- Academic instruction will be based on the CCCs linked to state content standards for MSAA and Alternate ELP Standards for the Alt ELPA
- There is suitable instructional time prior to test administration
- The additional considerations listed above were not used to make this decision
- Any additional implications of this decision were discussed thoroughly.
