

ADE Approves New Universal Literacy and Dyslexia Screeners

ADE has completed the Request for Information process for Universal Literacy and Dyslexia Screeners to meet the requirements called for in A.R.S. §15-701 and A.R.S. §15-704. The process to create the final list was a multi-step process and included the following:

- Vendors submitted products in accordance with the RFI requirements
- Submissions were reviewed for alignment to RFI and law requirements
- Vendors were asked to answer any questions related to identified deficits
- A conference call followed for any additional clarifications
- Vendors who answered all questions and met the criteria were added to the list
- Vendors who currently do not meet the criteria or would not make revisions were not included on the list

Dive Deep into AZ Math Standards for Special Educators

We know that as special educators, you are typically working across multiple grade levels and with students that have various strengths, and we are here to support you in making it all work! Join us as we spend time diving into our math standards and supporting documents to consider the following:

**EDUCATION
TECHNOLOGY**

**ENGLISH
LANGUAGE
ARTS**

MATH

**Science|STEM
Computer
Science**

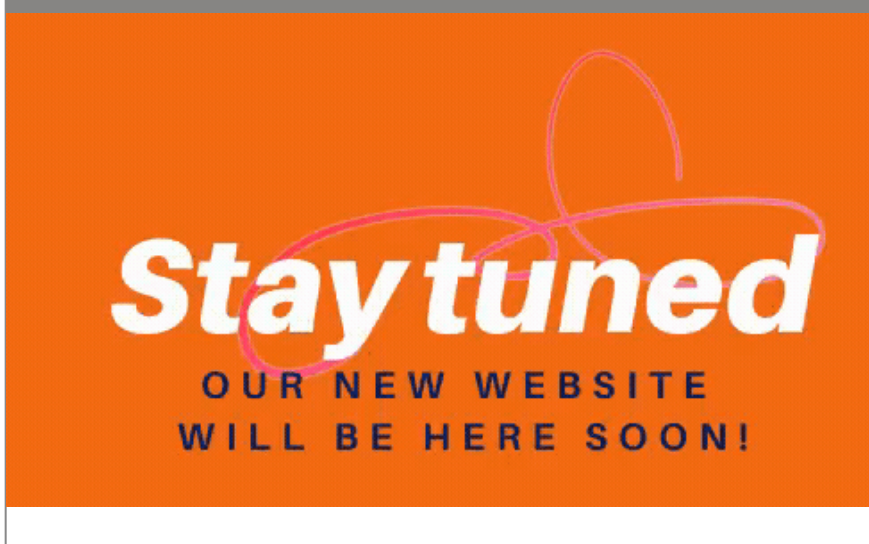

**SOCIAL
STUDIES**

- **Where are they coming from?** We will delineate content from the previous grade level.
- **What do they need to learn this year?** We will discuss the major content standards of the current grade level and how we can embed previous year learnings.
- **Where are they headed?** We will look at connections across grade bands that will support student learning in subsequent years.

See the list of sessions below, please feel free to sign up for the session(s) that are most relevant to you based on the students that you support.
