

PD Opportunity from OELAS for K-3 EL Educators

Teaching Reading Effectively: Enrichment for Teachers of English Learners

Teaching Reading Effectively: Enrichment for Teachers of English Learners is a 5-day series of virtual trainings for **K-3 educators who have completed ADE's original *Teaching Reading Effectively (TRE)* course.**

This continuation of learning from the TRE course will provide educators with a deeper understanding of language acquisition and effective instructional practices for developing fluent readers while simultaneously building their language skills as they relate to Arizona's Language Development Approach (AZ LDA). All sessions will explicitly connect the four principles for promoting student agency in English learners to the five features of effective reading instruction.

Cost for this training is \$125 and includes text and materials.

Session topics include:

- Language Development and Supporting ELs in the Classroom
- Developing Oral Language while Learning to Read
- Teaching Foundational Reading Skills to English Learners
- Fluency and Vocabulary
- Comprehension and Writing
