

Integrity Error -400xx (Not yet determined)

Error Message:

Resident School ID must be within the District of Residence.

Description:

The Resident School ID reported must be a site within the reported District of Residence (DOR).

NOTE: This integrity error will be introduced in FY22.

Example:

- SPED
 - LRE
- Student Education Organization Responsibility Association
 - Resident School ID
- Enrollment
 - District of Residence

-400xx
Is the Resident School ID reported at a site owned by the DOR?

Regardless of enrollment, the Resident School ID is defined as the EntityID of the site the student would attend in the District of Residence (DOR) without an IEP. New for FY22, the Resident School ID must be a site within the DOR reported.

Troubleshooting:

- Verify Resident School ID is reported along with the SPED LRE data.
 - Each LRE reported requires a Resident School ID.
 - Private Day School - the public school site where the student would be enrolled and attending if not placed in the private day school.
 - Voucher - the public school site where the student would be enrolled and attending if not placed in the residential treatment center or a state institution.
 - Public Education Agency Placement (PEA) - the public school site where the student would be enrolled and attending if not placed in another PEA.
 - Head Start Programs - the public school site where the student would be enrolled and attending if not placed in the Head Start program.
 - Public School - defaults to the public school site where the student is currently enrolled and attending.
- Validate Resident School ID is reported using the SPED10 report.
- Ensure the Resident School ID reported is a site 'owned by' the reported DOR.
- Once corrected, allow integrity to run overnight to see if student is passing integrity on SPED72 report.

A listing of all Integrity Rules can be found on the [AzEDS website](#).
