

## Roles for AzEDS Reports

### Availability

Once a district or charter has transitioned to submit data via AzEDS instead of SAIS, that district/charter will be able to access AzEDS Reports in ADEConnect. The AzEDS Reports “application” or “tab” is only visible to users once their district/charter has made this transition; therefore, entity administrators can also only assign the roles below once that transition has been made.

### Description

AzEDS Reports are available within ADEConnect via the [AzEDS Portal](#) when using the following roles. All roles also provide access to the AzEDS Portal and the [AzEDS Identities Search tool](#).
