Arizona's ESSA Plan Revision

Arizona's ESSA Plan...

- **Is the state's response to the Every Student Succeeds Act, the federal law that allows the U.S. Government to support both national and local education goals with grants and other resources.**
- **Describes how Arizona identifies schools for support and improvement.**
- **Outlines Arizona's system to make sure every student leaves twelfth grade ready for college and career.**
- **Reflects input from a variety of Arizona's education stakeholders.**
- **Was developed in 2016-2017, and received full federal approval in September 2017.**
- **Was amended to revise accountability components in 2019- those modifications were approved January 2020**

Why Revise the Plan?

- **Superintendent Hoffman has laid out a vision of equity for all students to achieve their full potential.**
- **ADE has made key changes that are reflected in the revised plan:**
 - **Renewed focus on equity**
 - **Established an educator recruitment and retention team**
 - **Identified current initiatives supported through these federal programs**
- **It has been 4 years since Arizona began implementing the initial ESSA plan.**

Program Rules...

- 1) Must have an ACTIVE Title I-A grant in the previous year
- 2) Amount awarded is calculated by formula and is based on Title I award
- 3) ADE may not award an LEA less than \$10,000.00

Ensuring all students have access to a holistic well-rounded education is *central* to the shared work across programs in ESSA.
