Reference the **Student Count Guidelines** on the OIE website, <https://www.azed.gov/oie/johnson-omalley-jom-program>

There are two worksheets to complete (see excel tabs below)

- Eligible Served:** Eligible students served during the school year being counted (yellow banner)
- Potential:** Potentially eligible students (blue banner) – this could be students who did not have a CIB or tribal enrollment documentation available to confirm their eligibility.

Instructions for completing the forms:

On the first row fill in the **school year** being counted

Fill in the second row with your **LEA or Tribe name**

List all the eligible (worksheet 1) and potentially eligible (worksheet 2) students by grade by school. Add more lines as necessary.

Please include the CTDS code for each school.

We are trying to refine our Native American student data and listing this code will assist us when comparing with ADE’s database for a full student count.

The CTDS is a nine (9) digit number that the Arizona Department of Education uses to identify Arizona public and charter schools.

To find the CTDS number for a public school in Arizona, please visit the Arizona Department of Education’s website at:

<http://www.ade.az.gov/edd/>

Or try this list:
