

Integrity Error -10137

Error Message:

Enrollments for ASDB regional sites should be reported as the physical site the student is attending.

Description:

ASDB regional sites cannot be used for enrollment reporting in AzEDS and are for voucher use only. Please report the ASDB Voucher student at the site the student is physically attending.

Example:

-10137

Is the site reported an ASDB regional site?

- Enrollment
 - SchoolID

- Region 1 (6410)
- Region 2 (6418)
- Region 3 (6412)

Troubleshooting:

- Verify site reported for student enrollment is the physical site of the student, and not the regional site.
- Review the STUD10 report in the AzEDS Portal to confirm the school site ID reported.
- Ensure that any enrollment for an ASDB student is not a regional site. Regional site ID are used for the ESS Voucher application only.
- Once corrected, allow integrity to run overnight to see if student is passing integrity on the INTEG15 report.

A listing of all Integrity Rules can be found on the [AzEDS website](#).
